(By Associated Press to-day.)
Toronto, May 1.-Various changes are announced in connection with G.T.R. officials, consequent on the appointment of Supt. Fitzhugh to the management of the Central Vermont railway, Supt. Jones, of St. Thomas, who succeeds Mr. Fitzhugh, is to Ferrietta, and Mr. Ferrietta to be succeeded at London by Trainmaster Egan, of Belleville, while Mr. Egan's place at London is taken by the promotion of W. W. Ashford, who for many years has been in the office.

Mr. Ashford undertook upon his duties here to-day.

Rolling Mills Matter.

There is nothing new to report in the rolling mills project. Mr. Peacock, engineer of the company, is expected in the City on Wednesday, and in conjunction with the G.T.R. engineer, will make arrangements for the laying of the main and side lines of track to the building. Mr. Peacock will also take out the ground as soon as he arrives.

THE LOST EYE.

Terrible Accident to a Belleville Workman.

He was Struck by a Stone while Watching a Dynamite Blast.

An accident occurred on Front street this morning whereby Mr. Wm. Rutten lost an eye and received other painful injuries. For some days past workmen have been engaged in demolishing an old building just north of the Kyle House, on the east side of Front street, belonging to Mr. R. J. Graham, who is about to erect on the site a cold storage building. At a few minutes before 9 o'clock this morning a charge of dynamite was placed under the old brick structure for the purpose of loosening or leveling the walls. Rutten, with a number of others, were working about the place and they were warned on ample time to get to a place of safety. The majority of the men sought refuge in the shops and buildings adjoining. Rutten, however, just moved down street and stood upon the street crossing in front of the Kyle House, being about 70 feet away from where the charge had been placed. Immediately after the explosion Rutten was hurled to the right side of his face literally hit by a piece of brick flying freely. He was carried into the Kyle House and physicians summoned. Drs. Dolan, Gibson and McKewen were soon upon the scene. As the man appeared to be seriously injured a hurried call was sent for the ambulance and he was conveyed to the hospital. Here the unfortunate man was met by the three physicians above named, and an examination of his injuries was made.

It was found that the right eye of his face had been destroyed. In addition to this the right cheek bone was broken, as also his nose. What further this painful and distressing injury was a large stone, which struck Rutten an awful blow. At the hospital everything possible was done to alleviate his suffering, and anxiety at that institution alerted the information that he was resting as easily as could be expected.

Mr. Rutten is a hard working laborer, and a man well known in the City. He is married and has a wife and family of four rather small children depending upon him for support. The deplorable accident cast a gloom over his fellow-workmen at the place. There does not appear to be any blame attached to anyone, as Rutten had ample time to seek a place of safety, but he apparently stood upon the crossing to watch what effect the explosion would have upon the building.

LATEST.

The condition of Rutten this afternoon was such as to cause the physicians to express opinion that his life was endangered. It is now feared that the brain is affected. The wife and father of the unfortunate man visited the hospital shortly after the accident, but they were unable to see him.

The Latest Bicycle Suit.

The new bicycle suit does not cost any more than the old styles. The Oak Hall have the correct thing and we have not yet heard of any other store showing them. Fancy check pants, dark stockings and topped off with a double-breasted serge coat. Other firms may have these same suits next year.

QUINTE'S NEW LESSEE.

Belleville's Palace Hotel to be Under New Management.

Mr. Jas. Jenkins, of the Baltimore, has leased Hotel Quinte for five years and will take possession this week.

Mr. J. E. Baird, the present lessee, will take charge of the Massena Park Hotel for this season. Under his control it will doubtless be much improved and conducted in the modern and up-to-date style which has characterized Mr. Baird's management of the Quinte.

Mr. John Jenkins, the Quinte will no longer continue proper, as he is a hotelman of experience, most popular personally, and enterprising and modern in his methods.

COUNTY CLERK POOR-POORS.

Thinks There is no Danger of the Northern Dams Giving Way.

Lumbermen Control Them by Act of Parliament, and County is not Responsible.

THE INTELLIGENCER this morning interviewed Mr. W. R. Aylsworth, County Clerk, in reference to the condition of the North Hastings dam, alarming reports having been circulated by certain irresponsible and reputable gentlemen.

"Will the County authorities take action to investigate the condition of these dams?" was the first question asked by the reporter.

"The County authorities have nothing whatever to do with the dams referred to in your paper," was the reply. "The County Council, controlled by Gilchrist & Co., lumbermen, is and is secured to them by Act of Parliament."

"Personally, I know considerable about the north county, and I believe the dams to be in a good state of repair. I do not think there is the slightest cause for alarm."

Mr. Aylsworth showed a letter which he had received from the Rathbun Company in reply to a request from him for information.

The Company said that the area of Loon Lake, as shown on the Government map, is approximately 4 1/2 square miles. The present exact area they did not know. The elevation at Ancillote above Belleville is approximately 300 feet, not 600 feet as stated in a Belleville paper. The distance from Loon Lake to Belleville by river is about 63 miles. Space for thousands of them could say that all their dams were in an efficient condition. There is no more cause for anxiety this year than in any former year, but, notwithstanding, they would do all they consistently could to allay the fears of those who were over-anxious.

Mr. Aylsworth also called the scribble's attention to the fact that the Loon Lake dam was situated in a Kildare township, Loon and Adirondack, and should the dam break, the waters would have to fill up Deer Lake and a large area of low swamp land before it reached Hastings.

"The only outlet for the water would be easily provided for three times the water which would find an outlet from Loon Lake if the dam was away. He would guarantee that there would be no very large break in the dam. The top portion of the dam would be no more than a large break in the dam. The bottom part he knew to be perfectly solid."

The only other dam, Mr. Aylsworth said, was on Black Creek, and that was watched night and day by the Rathbun Company, who owned it. The other smaller dams, he said, were not watched, and there was no probability of them all going at once.

If any Alderman or other party was alarmed over the condition of the Loon Lake dam, their only course, according to the County Clerk, is to take out a mandamus to compel the Gilchrist to put it in a safe condition.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by the following: "I was in a most dreadful condition. My skin was almost yellow, eyes swollen, tongue coated, and continually in back and back, no appetite, gradually growing weaker day by day, and finally given up as hopeless. Fortunately, a friend advised trying Electro-Bitters; and to my great joy and surprise the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. They saved my life and robbed the grave of another victim. No one should fail to try this safe, guaranteed, and J. S. McKewen's Drug Store."

Commissioners at Variance.

The License Commissioners for West Hastings met on Saturday afternoon to consider the balance of City applications for licenses for the ensuing year. The only business transacted was the granting of a license to Mr. W. B. Dull and Messrs. Wallbridge & Clarke, of the City. They met again on Wednesday afternoon. It is rumored that the Commissioners are unable to agree as to who shall be cut off.

The Birds Have Flown

PARE PICKED THE LOCKS OF NAPANEE JAIL LAST NIGHT AND ESCAPED WITH HOLDEN.

The Escape was Carefully Planned and Exhibited Pare's Marvellous Fertility of Resource.

GEO. E. PARE, who is now numbered among the missing.

(Special to the INTELLIGENCER.) Napanee, Ont., May 2.—This morning at 6:30, when Turnkey Clark made his rounds of the cells of the jail, he discovered the corridor leading to bank robber Edward Pare's cell open, and upon further investigation discovered that both Pare and his companion in crime, W. H. Holden, had escaped during the night. Everything has the appearance of Pare having done the job. Three skeleton keys were found in an old cast in his cell, the doors of his own and an adjoining cell both unlocked and the locks so tampered with that they cannot be worked. The brick wall between Pare's cell and the adjoining one had been dug through from

time. The news of the bank robbers' escape caused about as much excitement in town as did the bank robbery itself.

The Feeling Here.

Accustomed as Belleville people have become to startling developments in the Ponton case, the news of the escape created a sensation. The INTELLIGENCER, always first to publish news of importance, issued an extra this morning, and it was eagerly bought up. Many citizens were not afraid to express the opinion that the escape was planned by certain gigantic powers behind the prosecution of Ponton, who desire another postponement of his trial, fearing an acquittal.

The Latest Developments.

No matter how the escape turns out, that is, whether it is permanent or whether the prisoners are not taken, it cannot but be sure to the benefit of the boy whom 99 out of every 100 believe to be innocent and who does not attempt either to break jail or to break his parole and who is actually pushing on the trial which the prosecutors wish to postpone. On the other hand these notorious criminals have given another object lesson of both their criminality and their skill. Pare has certainly proved himself again to be what he claims—the master of mechanics, and he has shown that he is not only a clever workman, but a clever thief. It is shown, too, that Pare and Holden, the precious pair of jail-birds, have been working together, still pale in spite of their apparent "act" of animosity—as occasionally shown at the trial for dramatic effect. It is hardly conceivable that there should have been connivance on the part of the authorities to allow even Pare with the Queen's pardon in his pocket to escape, but it is a fact of comment that their probable escape has been prophesied by more than one. The escape shows that Pare had not much faith in the ultimate credence of the Court or the public in his too cleverly concocted story, and as he could put no faith in himself or Holden, he has taken this method of cutting the gordian knot and making assurance doubly sure by a burst for freedom and the probable future enjoyment of the remainder of the uncovered fruits of the robbery. It is thought by some that the jail will injuriously affect the boy, as the Bank may move for a postponement; but surely any such postponement was three weeks ago, when the case was already in the hands of the Court, and the absence of necessary material witnesses, if cannot now be justified by the fact that the Court has already granted on the application of the Bank or the Crown. This would be a travesty of justice which would produce indignation. Had Pare's story been true, he would have been a free man, according to the promise made by the Crown,

immediately after the 17th inst. His break for liberty, therefore, shows his story to be his own knowledge false.

Chief of Police Newton this morning received the following despatch from Napanee: Pare and Holden escaped, keep sharp watch. Z. A. VANLIVEN, Jailor.

The likeness of Pare, which we present to our readers, is by the Montreal Star's great artist, H. Julien, whose series of My Town's Great Criminals have won for him great fame.

It is rumored that the reason the crooks decided to make their escape was that they feared that they would be indicted for the murder of Jack Roach.

STOLEN FROM A GRAVEYARD.

The Body of Mrs. Young Shipped to Kingston in a Barrel—Recovered at the Wharf.

Kingston, May 1.—The dead body of an old woman named Mrs. Jane Young, aged 63 years, packed away in a barrel, arrived by the steamer Haro, this afternoon, addressed to "Salem, Ontario." Accompanying the body was a constable and the son of the deceased. It turned out that the body had been stolen from a graveyard at Belleville, Lennox County, and shipped from Adolphustown. On Friday last, when the old lady died, received a telephone message to meet the steamer Haro on Monday, and when he went to the boat the constable was in charge of the barrel addressed to him. The constable had secured a search warrant, in order to obtain the body, and the barrel was opened on the dock. The son recognized the dead body of his mother. Mrs. Grimshaw has no idea who sent the corpse. It was meant for the medical college. The body was buried yesterday afternoon. The grave was opened last night and the body stolen by a medical student, who will be prosecuted. The body was taken back by express to-night.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was as yellow as wax, my eyes sunken, tongue coated, and gradually growing weaker day by day. Three physicians had given me up. "To Err is Human."

People like to talk about attractive things in advertising. In a company recently the proverb above quoted, and which appeared at the head of one of a well constructed series of advertisements of Hock's Sarsapilla, was so much discussed that we decided to say one thing that we do not do, and that is, we do not use the word "advertising" in our very broad sense, and they are attracting discussion and favorable comment everywhere.

HAD THEY A CONFEDERATE?

Sheriff Hawley Thinks Pare and Holden Received Assistance.

Mr. Porter's Statement—Lawyer Madden to be Sued—The Crooks were Seen—Napane is Pleased—Toronto Views—All the Latest Gossip About the Escape.

(For further particulars see page 2.)
Napane, May 2nd.—In spite of the fact that Pare was the best hated man in Napane, it cannot be said that his successful break for liberty has increased the feeling against him. In fact, the escape seems to be a cause of rejoicing with a majority of the residents of Napane, and Pare's victory over the locks which held him prisoner and his action in running away instead of waiting to again give testimony against the former townsmen has raised him considerably in the estimation of the people.

Sheriff Hawley does not hesitate to assert that the escape was effected with outside assistance, and bases his allegations on these facts:—
1. Pare obtained tools with which to do the trick from some source unknown. Three wire keys ordinarily used by expert burglars to pick locks were found in his cell, and he probably took other tools with him.

2. The prisoner, at the risk of frustrating his own escape, went upstairs, opened two locks, and freed Holden, although the pair have for some time past been sworn enemies and were kept as far apart as possible. From this, it is deduced that there must have been a bargain that in making his escape he should take Holden with him.

3. In the eastern yard of the jail the traces a few days old of a ladder being dragged along the ground have been detected, and on the outer side of the wall the lead coping is bent as though a ladder had been placed against it.

THE THEORY OF THE ESCAPE.
The theory is that the outside agent, if one existed, scaled the 18-foot wall from the outside, pulled his ladder up after him, and came down by means of it into the yard. Twenty feet away is a barred window, 12 feet from the ground, immediately opposite Pare's cell. This window is left open at night. The corridor last lies between it and the cell door is but eight feet wide, and it would be a matter of ease for a man to throw some tools to a 10-foot pole and thrust them across the corridor into Pare's cell.

One of the prisoners in the jail claims he heard a rapping on the wall during the night.

The only clue as to the direction taken by Pare and Holden was obtained from Chauncey Hicks, who Monday night was watching a grave in the Catholic cemetery some distance from the town along the Grand Trunk Railway tracks. The cemetery overlooks the Fredericksburg bridge, and Hicks says that about 2 o'clock on Tuesday morning he saw two men running across the bridge towards the east. He can give no description of the men, except that one was taller than the other, and this is good proof that he is correct in what he says. If it were Pare and Holden whom he saw they were watching the heading for Kingston to cross the line at that point. Coleman McCoy, the watchman who looked the prisoners up on the night they were last seen, is an old man, who can give no information other than that both men seemed to be secure when he left them. They were not visited after 7 o'clock on Monday night. At an early hour this morning Chief Adams and Jailer Van Loven returned from a scouting excursion between here and Collins Bay. No trace of the jail-breakers was found.

MR. PORTER SAYS.
Mr. E. Guss Porter was seen by THE INTELLIGENCER to-day and confirmed the rumor that he will have a writ issued immediately against Mr. Madden, solicitor for the Dominion Bank, at Napane, who \$5,000 damages for slanderous statements made publicly yesterday that "Billy" Ponton had something to do with the escape.

Mr. Porter pointed out that Ponton's case against the Dominion Bank was dismissed at Cobourg because of the absence of two or three bank officials in Napane whom he could not secure, though he tried hard to do so, and though he was anxious to adjourn the case for that purpose. The question was, would the court deem it wise to prosecute against Ponton if these two main witnesses, upon whose evidence they were trying to convict Ponton, were missing when the case was called at the Assize? Mr. Porter held that even if present their jail breaking would destroy any remaining strength of their evidence. He pointed out the significant fact that they had everything to gain and nothing to lose by remaining in jail, for they were assured of freedom if they escaped, yet in the face of this they made a dash for it, and thereby rendered themselves subject to punishment for jail breaking!

The Toronto Evening Star has the following on the escape:
MAY DELAY TRIAL.
A TALK WITH THE DEPUTY ATTORNEY-GENERAL ON THE ESCAPE.
The officials at the Attorney-General's Department had not been advised formally up till noon of the escape of Pare and Holden. No word had been heard from the Sheriff, nor had any despatch been received by Dr. Chamberlain, Inspector of Jails.

"This will undoubtedly delay the trial," said Mr. J. R. Cartwright, Deputy Attorney-General, "unless the prisoners are recaptured before the opening of the Assize on May 15. Of course I cannot say what course will be taken by the Crown until further particulars are received. Much is to be learned from the opening of the Assize jail-breaking. I do not know whether or not a detective will go out."

PONTON IN TOWN.

HE REQUESTS THE ESCAPE AND THE POSSIBLE DELAY IN THE TRIAL.

William H. Ponton, the man who holds the centre of the stage in the Dominion Bank robbery case, is at the Tremont House. He has been in the city and neighborhood over a week, engaged in his latest occupation as a cigar traveller.

"All I know about the escape is what I saw in the early edition of the papers, and I don't want to say anything about it," said Ponton this afternoon. "Mr. Porter told me to keep my mouth shut concerning the case, and I intend to obey his instructions. But I will say this: I was anxious for the trial to come off this spring. I am sick of having such charges hanging over me, and now this escape I suppose throws it back further than ever. They'll catch them, I've been back through there myself, and I expect they will have to do it with guns."

"If Pare and Holden go north they will strike some pretty rough country and may give a searching party some trouble finding them. I've been back through there myself and know what it's like. We had made every preparation for the trial." Ponton did not appear to be at all pleased with the escape. He seems to think that if the Crown's case is left incomplete by the absence of Pare and Holden, a stigma will be placed on the city and the case is acquitted. Ponton was worrying some what over the turn affairs have taken.

CROWN TO BLAME.

CARELESSNESS IN LEAVING THE CROOKS IN AN ORDINARY JAIL.

"Did you ever stop to think how careless the Crown authorities, knowing the popular feeling in favor of Willie Ponton in Napane, have been with Pare and Holden, the principal witnesses against him?" said Mr. T. C. Robinson, who is associated with Mr. E. G. Porter in Ponton's defence. "Why, both these men should have been removed to Toronto or Kingston, or among prison long ago, and not left in an ordinary jail where it would be comparatively easy matter for anyone interested to pass in files and material for keys."

READY FOR THE TRIAL.

ARRANGEMENTS MADE BY THE CROWN FOR THE PRISONERS' CARE HERE.

Provincial Detective Greer, who had charge of the Ponton case for the Crown, only last week completed the service of the numerous witnesses for the prosecution, and had made all preparations for their care, when they arrived in the city on May 15, for the trial. The defence had also subpoenaed their witnesses, some 20 in number, and had made all preparations for a hard fight. The Crown's witnesses number between 40 and 50.

Editorially the Star works off the following absurdity: The escape of Pare and Holden, at this critical juncture, the trial only two weeks distant, looks, to say the least, if suspicious.

The theory of Napane distinguished themselves by having a riot not long ago, and hustling a judge—an insult which was resented by every citizen of Ontario, where the judiciary are supposed to be as inviolable as they are incorruptible. In view of the riot and the injudicious participation of the citizens of Napane at the time of the trial, it can hardly be doubted that there is still some residuary feeling in that county.

The telegraphic reports indicate that the two crooks had almost unimpeded movement about the corridors of the jail, and that they were carrying their escape with the utmost coolness and deliberation. More over there were three skeleton keys found in Pare's room. Who left them there? Did the jail officials consider it unadvisable to make an occasional search of the prisoners?

The fatuous economy of the County Council in removing the night watchman and allowing two hardened criminals, not a torious crooks, to wander about unscrutinized in a ginorack jail, is inexplicable. The Government should see to it that there is a rigid investigation.

DETECTIVE MURRAY'S OPINION.

The News has the following: Mr. Wallace Nesbitt, who argued against the change of venue, is of the opinion that in their absence their evidence as to Ponton's guilt cannot be adduced unless their absence out of Canada can be proven.

"Their escape is due to the negligence of the Crown police," he said.

Provincial Detective John Murray holds similar views, and added: "Who can prove where they are? If the authorities can show they are out of the country they may as well leave them alone. I don't think they will be easily caught. Those men know their business. They will keep themselves informed of the steps taken to recapture them, and avoid all centres where they think a strict watch is kept. I am surprised that they have stayed in jail so long as they have, considering the place, the facilities for escape and their experience as jail breakers and lock breakers. They can lie hid in the woods and the season of the year is favorable."

PRESS OPINIONS.

Hamilton Herald: "The escape of Pare and Holden from jail is both a good thing and a bad thing for 'Billy' Ponton. Unless the prisoners are recaptured before it is impossible for the Crown to convict Ponton. But it will also be very difficult for Ponton to clear his reputation. It is to be feared that many people will be apt to say that he owes his freedom to a fortunate carelessness on the part of the Napane jail officials."

Hamilton Herald: "Being burglars of refined instincts, Messrs. Pare and Holden didn't choose to remain when they suspected that they were wanted any longer."

Hamilton Spectator: "Pare may not know how to open a safe lock without knowledge of the combination; but prison cell doors seem to be easy enough."

A PAINFUL SIGHT.

One of Michael Keleher's Bones protruded Through the Flesh.

Mr. Michael Keleher, an aged man, who has been a civil engineer for a number of years, yesterday afternoon met with a painful accident. He, with others, was working upon the island park, unloading gravel from a cart, and was standing on the load, when the horse started forward, suddenly throwing him off. In his descent he right leg, became entangled in the tightly heaved hem of a bad fracture between the ankle and knee, the broken bone protruding through the flesh. The ambulance was called and the unfortunate man conveyed to his residence on Strachan where two physicians reduced the fracture. He will, owing to advanced age, be laid up for some time.

A Home Wedding.

A home wedding occurred last evening at the residence of Mr. J. E. Smith, 4th Concession of Sidney, when his daughter, Miss Annie, was married to Mr. Charles Gardner, jeweller, of Foxboro. A number were present to witness the ceremony, which was performed by the Rev. J. J. Wilmont, Methodist minister of Sidney circuit. After the wedding supper the young couple proceeded to their home in Foxboro.

GROOKS STILL AT LARGE

Inspector Chamberlain Says They Had no Outside Assistance.

Traces of the Fugitives—Effect on Mackie's Case—The Opinions of the Press.

NAPANEE, May 3.—The talk here is all of Pare and Holden's escape; Ponton is never thought in the affair this time. They are clever fellows and no doubt will lead the authorities a merry dance before captured. It is thought that they made straight for Montreal and arrived there before the news of their flight had become current. A number of people yesterday morning did not believe the news at first, but thought the prisoners were only removed to Toronto, and were only convinced on reading their way to the jail and seeing for themselves the method the two gentlemen of the light fingered craft had used to gain the freedom they had forfeited for about a year.

The conduct of the noted prisoners had been so straight since their incarceration that the keepers had no idea that anything of this kind was contemplated. It is said that only a few days ago Holden asked to see Detective Greer, and when asked what he wished of that officer, he said something had come to his mind that he had not thought of last fall at the trial.

The story is that in June 1897, about the 14th, Ponton told that a man from the country with a cheque for over \$2,000 would come to the bank in a day or two and get the money and described the man to Holden and wanted Holden to hold him up and divide the money. Holden says he objected to this.

Mr. B. W. Folger, of Kingston, reported to-day that yesterday afternoon Pare and Holden, who escaped from the Napanee jail, were seen in the vicinity of Snow Road by sectionmen on the K. & P. R. R.

BOARDED THE EASTBOUND

Pare and Holden Believed to be at Prescott or Vicinity.

Kingston, Ont., May 3.—The belief that Pare and Holden, the Napanee jail-breakers, went east after securing their liberty Tuesday morning last, is confirmed by a statement made to-day to Police Constable Graham by a young Kingstonian who was in Napanee on Monday, and came down to this city on the midnight express without taking leave of the Grand Trunk Company, or paying for the transport. His story is to the effect that towards midnight Monday he made his way to the Grand Trunk station at Napanee. As the east-bound express pulled out of the station he boarded the "blind baggage." Two men already occupied the platform, having just boarded the train ahead of him. He took particular notice of the men, so he could recognize them, and says they fully answered the descriptions of the missing men as supplied by the authorities. The two men objected to his boarding the train, and attempted to beat him off, but he put on a bold front, and told them he had as much right to ride there as they had. With that he jumped aboard, and one nudged the other, at the same time nodding his head towards Napanee, and saying, "Good-bye, Napanee." The men conversed between themselves as low as to the rumble of the train would permit, but the Kingstonian made them hear him agree to leave the train at Prescott, provided they were not put off by the railroad officials before that point was reached.

PAPE GAVE WARNING.

Recently the Napanee Prisoner Said He Would Shortly Trump Again.

Napanee, May 4.—Nothing of importance transpired yesterday. The escape of Pare and Holden, although it is still the all-engrossing topic of conversation, has been somewhat quietened by a thorough investigation of the jail by the coroner. What his report will be will be disclosed, it is not known. This much, however, he made public, that with the wire implements found in his coat pocket and the iron bar, in his opinion Pare could easily make his escape without outside assistance or the use of skeleton key.

PAPE GAVE WARNING.

It looked out yesterday from an official that Pare had for several weeks past given them notice that he would shortly be on the tramp again, but they imagined he referred to his expected release after the trial in Toronto. Where did Pare get the wire?

WHY DID PARE SKIP?

Counsel Holman Will Ask for a New Trial for Mackie and Gives His Grounds.

O. J. Holman, counsel for Robert Mackie in the Napanee Bank robbery case, was seen by The Toronto World last night. "What will be the effect of Pare and Holden's escape on the case of your client?"

Mr. Holman replied that he thought it would give reasonable grounds to apply to the Minister of Justice for a new trial. Nothing would be done till Ponton's case came up, which, in his opinion, would result in a discharge. Then a new trial for Mackie would be asked.

Pare and Holden Robbed a Safe in Cornwall Last Night.

They Were Seen in the Vicinity—Job Was Nearly Done.

(By Associated Press To-day.)
Cornwall, Ont., May 4.—The door of the safe at the Ottawa and New York Railway station here was blown off during the night and \$300 in cash secured. Agent Steele did not leave the station until 12:30 last night, and was on duty again at six o'clock this morning. The job was very neatly done, evidently by experienced safe crackers. A story has been circulated that men answering the description of Pare and Holden, the Napanee Bank robbers, who escaped on Monday, had been seen in the back country and it is thought the work may have been done by them.

PAPE'S ESCAPE WAS EXPECTED.

North Hastings Man Offered a heavy Wage He Would Not Give Evidence.

Toronto News: A statement made by a prominent North Hastings man yesterday is significant of the mental attitude of the people in the vicinity of Napanee with regard to the Ponton case. The gentleman in question is a large employer, having extensive tracts of mineral lands which he is developing. Some of his employees were on the jury at the previous trial of Ponton, and the case is pretty thoroughly understood by them. Within the past hour he overheard one of his men offer to make a bet of \$100 that neither Pare nor Holden would again give evidence against Ponton. Thus yesterday's developments seem by this to be expected by some who were familiar with the case.

Press Opinions.

Kingston Whig: The latest intelligence from Pare and Holden is to the effect that they have joined a minstrel company, as vocalists, appearing in street singing the well-known songs, "The Old Turkey," "Some Day We'll Wander Back Again," and "Absent, but Not Forgotten."

Kingston Times: The escape of Pare and Holden from Napanee jail throws an additional perplexity into one of the most mysterious cases in the lists of Ontario court records.

The county authorities seem to have taken no more pains to guard the crooks than their ordinary prisoners. But their past record should have caused special precautions to be taken against escape. The county has, doubtless, been put to a large expense in connection with the trial, but it could better afford a much larger outlay rather than have the guilty go untried.

Toronto News: If the Crown had desired the escape of Pare and Holden in order to be relieved of the expense of prosecuting them, no better or more effective means of attaining that end could have been devised than to leave them unguarded as they were in Napanee jail.

These two expert criminals appear to have been supplied in some way with the necessary implements to effect their escape, and to have had every opportunity—even incalculable.

The laxity displayed in keeping them securely while in prison does not give promise of their speedy capture. They are so difficult a pair to deal with—and the whole case has been so unsatisfactory from the Crown's standpoint—that it may be a relief for them to have escaped.

In their absence there can be only one credit to the Kingston Whig. Without their testimony the case against the ex-convict is weak to look for anything but a quick acquittal. This fact seems to have been impressed on the minds of the officials.

Hamilton Herald: The Napanee jail officials must be remarkably sound sleepers. Brockville Times: The escape of those notorious criminals Pare and Holden from the Napanee jail will kill the detectives an opportunity of showing their skill in re-capturing these birds of passage. If the detectives will exhibit one-half the industry they exerted in hunting up evidence against Ponton they will very shortly have those Crown pets back in custody, where they should be trained to sing "Home, sweet Home."

Ottawa Free Press: There seems to be something rotten in the state of Napanee. Incidents which occurred in connection with the Ponton trial reflected but scant credit on the community, and now the escape of the bank robbers, Pare and Holden, under conditions which, as described, can only be termed suspicious, is nothing short of a disgrace. The incident calls for a very searching investigation.

Ottawa Journal: It is not that Pare and Holden have been very good to stay in Napanee jail as long as they did.

Hamilton Times: Now who could have helped Pare and Holden to skeleton keys and a ladder? Didn't every body wish to see them held for punishment? If not, why?

Brantford Courier: For a constant supply of rich and easy incidents, that Napanee bank robbery affair may safely be recorded the champion bait.

The Galt Reporter has the following dreadful verses:
Said Pare to Holden, "Let us liberally gain;
While here on our chains we were always a state!"
Said Holden to Pare, "My man, be patient;
And in very quick time they were safely outside."

Said the other to Pare, "My man, be patient;
To you for my liberty I'll always be true!"
Said Pare to Holden, "It is odd that it should be so; but no one seems to be exceedingly sorry that Bank Burglar Pare and Holden have been released."

In Toronto last night, Inspector Chamberlain said emphatically that there was not the slightest evidence of outside assistance in the escape of Pare and Holden.

Pare is said to be pretty well crippled by rheumatism. The way he went about picking the locks would hardly substantiate the rumor.

LUMBERMEN'S NEGLECT

Has Placed Our North Country in Grave Danger.

Our Bancroft Correspondent Voices the Settlers' Complaint.

(Special to the INTELLIGENCER.)
BANCROFT, May 4.—This part of the country has suffered greatly from the abominably selfish indifference of lumbermen to the public safety, loss and convenience in maintaining a huge dam in Baptists' Lake, particularly now when lumbering operations have ceased, and the great reserve of water is of no earthly use to them or anyone else. The water in that lake has been dammed up to the height of ten feet for years, to the great injury of the frontlands and Bancroft Railway, and danger of flooding the surrounding districts. This season it has been an especial cause of the retention of the water in the dam all the winter, and when the step logs which hold back the water were removed after the commencement of the thaw, the discharge from the outlet was insufficient to reduce the immense supply, as the said dam retains about one hundred square miles of the possibly destructive dam. We may possibly, for it by any means any large portion of the front of the dam should burst or be let down, which in fact it narrowly escaped a few days ago from a large mass of floating debris which was fortunately secured before reaching the structure, the disaster to the country below would be terrible, with probably great loss of life; then who would be found to fix the responsibility on the indifferent lumbermen who caused the catastrophe?

This season, from the unusual amount of snow and the amount being left to start with, the bridge on the I. B. and O. Railway has suffered, as well as other bridges on the York River; the usual travelled roads have been flooded and made dangerous for travellers; the village of Bancroft has suffered greatly, dwelling houses have been abandoned, cellars inundated, and outbuildings such as stables and barns could only be approached in boats or on rafts; the lower part of the town. So far fortunately there has been no loss of life, but medical men state that it is to be feared that the dampness and consequent effluvia may possibly cause some sickness.

We conclude by asking one question: How long is this piece of racial tyranny to be endured?

The Lethbridge Journal has a notice to contribute to the columns all items of a personal nature, such as news, gossip, and general interest, and to be sent to the editor of the Lethbridge Journal, Lethbridge, Alberta, Canada.

Mr. M. D. Ward, dentist, is confined to the house by illness.

Rev. J. Paul, Methodist Minister at Shawanville, is at the point of death.

Mr. G. H. Stafford, D. D. M. of Prince Edward District, will this evening give an official visit to the Belleville Lodge A. F. and A. M.

Will Prosecute

Body-Snatchers.

Kingston, Ont., May 2.—W. G. Wilson, a Napanee lawyer, was in the city today seeking to have an interview with Stafford Grimshaw, the medical student to whom was addressed the barrel containing the body of Mrs. Young. The person guilty of re-arranging the body will be prosecuted.

A Frightful Blunder

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and cure the sore. Cures Old Sores, Pains, Burns, Itches, Boils, Felons, Corns, All Skin Diseases. A box, 6c. Guaranteed. Sold by J. S. McKewen, Druggist.

Steam Yacht Aground.

The steamer Annie Lark, employed in connection with the dredging of the harbor, last evening ran aground near the western embankment of the river. She was shortly after released and the damage, which was not very serious, repaired. She was able to be at work to-day.

Canada's National Sport.

It is pleasing to note in this City a revival of interest in lacrosse. It is by all odds the most manly and exciting of outdoor games, and has the merit of being distinctly national. We trust that the young men will turn out to practice on the new cricket field and that Belleville this year will have a first-class team.

Cannot Agree.

The License Commissioners for West Hastings met at the town of Trenton yesterday afternoon to consider the granting of the balance of the licenses for this City. They spent some hours in deliberation, but were unable to agree and the meeting was adjourned. They will meet on Saturday afternoon in the City.

House-Cleaning

time had come at last. Not that we were afraid it wouldn't. No, no, no, we were afraid it would. Huddled out in the morning that the work might have an early start; collected to take a cold lunch on work, with prospects of rain at night, and then, alas, to be followed; to place to sit; always in the road; the sound of the back-hammer and carpet-beater continually in one's ears; really, in life worth living! At last it is finished. Got through sooner than we expected, but couldn't afford to paper the place. Stand back and see the result. New rooms, new furniture, the position of the furniture changed somewhat—but the result? Failure. Why? Little more in fact, as the rooms were upset an extra day on account of the paper-hanger and me away. Didn't intend to paper the rooms, but the new furniture prices of artistic wall hangings were so ridiculously low that it seemed almost a pity not to take advantage of them. At last we are through. The new furniture is in place, the rooms are furnished, and you wouldn't think it, but the new furniture had so much of it and improved the whole that we get an inspiration and a new lease of life. Is that exaggerated? We think not.

CATARRH OF THE STOMACH.

A Pleasant, Simple but Safe and Effective Cure for It.
Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloated sensation after eating, accompanied with a formation of gas, causing a pressure on the breast and lungs, and difficult breathing; headache, sick appetite, nervousness and a general palpitation of the system.

There is often a foul taste in the mouth, coated tongue and the interior of the stomach can be seen if it would show a slimy, inflamed condition.

The cure for this common and obnoxious trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach. To secure prompt and healthy digestion is the one necessary step to do and when the stomach is sound, the catarrh condition will have disappeared.

According to Dr. Harrison the safest and most reliable treatment is one after each meal a tablet composed of Dipsacae, Aspic, Pepsin, Little Nuts, Golden Seal and Fruit acids. These tablets are found at all drug stores under the name Stuart's Dipsacae Tablets, and not being a patent medicine can be used with perfect safety and assurance that the tablets will follow their regular use after meals.

Mr. W. J. Calkins, of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh of the stomach resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and a poisonous discharge passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of the stomach without success, but to-day I am the happiest of men after using only one box of Stuart's Dipsacae Tablets. I cannot find appropriate words to express my good feeling. I have fresh appetite and sound rest from their use."

Send for little book, mailed free, on stomach troubles, by addressing F. A. Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

GRAND TRUNK RAILWAY SYSTEM
Lake of Bays, Muskoka.

This interesting place is now rapidly coming into prominence, situated as it is in the heart of the beautiful grounds of Muskoka. It is reached by Grand Trunk Railway System from any point.

There is a steamer over the beautiful waters of Fairy and Pentstemon Lakes to reach there, where every facility exists for reaching different parts of the lakes by means of the Lake of Bays N. Co. Anglers will find a veritable paradise. The boats are promoted an abundance of speckled trout as the result of their efforts. Excellent hotels and boarding houses will be found here. Daily Intelligence.

THE KINDERGARTEN: PRO AND CON.

Ourable but misguided contemporary, the Hamilton Times, says: "The Belleville Intelligencer is out in a severe attack on the Kindergarten, a part of our school system which is far from being conceded to be all that it deserves credit for. The Intelligencer's treatment of it is, however, hostile, and its conclusions are badly warranted by the data presented. Advocates of industrial training in State schools properly point to the Kindergarten as a concession to their claims, and regard it as the beginning of the course. If we are to abolish it, declaring it to be a failure, what about the later parts of the course? We know the Kindergarten is a success; we think that children who have good homes and kind, intelligent parents might, perhaps, with little loss, if any, spend their Kindergarten days under the mother's care; but there are a great many children shut out from such conditions to whom Kindergarten training and associations may mean much. The great question is, can we bear the expense? Is it worth the cost? The Intelligencer's contention that Kindergarten pupils are less tractable and teachable, less able to grasp with later studies than those who have not attended the Kindergarten, would, if sustained, strike at the foundation of the theory of industrial education in the schools of the State. But perhaps it overstates the case."

Commenting upon which our no less able contemporary, the Hamilton Spectator, remarks: "We must congratulate our esteemed contemporary the Times on having accomplished an unprecedented feat in writing a couple of 'attacks' of comment upon a Tory newspaper's criticism of a part of the Ross school system, without using violent language in defense, and affirming that the criticism was made because the Tory editor 'hated' Ross. If the Times would always direct school affairs thus sensibly, some needed reforms would not be far off. Our observation and experience of the Kindergarten go to corroborate this Intelligencer's opinion. We think that the little boy or girl who goes to no school until seven or eight years old, very soon distances the children who have spent two or three years in the Kindergarten. We do not think that little chaps of four or five should be asked to do anything but grow, and we think we have seen good evidence that when so allowed to grow the little fellows grow along very much better in school than the child who has been amused all day in a Kindergarten or made to sit like a lump on a log all day in Primary School. We think that the Kindergarten is a good deal worse than useless; that it is an unnecessary expense, and that it hinders rather than helps the child's progress."

TORONTO LIVE STOCK.
Toronto, May 6.—The market for live stock at the cattle market was quiet yesterday, with the market for the week.

Doctors now agree that consumption is curable. Three things, if taken together, will cure nearly every case in the first stages; the majority of cases more advanced; and a few of those far advanced.
The first is, fresh air; the second, proper food; the third, Scott's Emulsion of cod-liver oil with hypophosphites.
To be cured, you must not lose in weight, and, if thin, you must gain. Nothing equals Scott's Emulsion to keep you in good flesh.

"Hail, Spring's First Born Flowers."
How welcome they are, these new blossoming flowers. They are purity personified. These bits of life, with their bursting buds, joyous in their first sight of Spring. There are no impurities about them. Humanity, however, continues to have its troubles, most of which can be traced to impure blood.

But humanity feels more contented now, for it knows that Hood's Sarsaparilla, the wonderful blood cleanser, never disappoints. You need it today. **Severe Pains.** "I had severe pains in my stomach, a form of rheumatism. My mother urged me to take Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

Complete Exhaustion. "After treatment in hospital, I was weak, hardly able to walk. I took Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

Rheumatism. "I had acute rheumatism in my limbs and feet. I commenced taking Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

Scrofula. "I was troubled with scrofula and impure blood. I commenced taking Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

Dyspepsia. "I was weak and had dyspepsia. I commenced taking Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

Stomachache. "I am now 22. Since I was 5 years old I suffered constantly with impure blood, biliousness and sick headache. I took Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

TORONTO LIVE STOCK.
Toronto, May 6.—The market for live stock at the cattle market was quiet yesterday, with the market for the week.

"Hail, Spring's First Born Flowers."
How welcome they are, these new blossoming flowers. They are purity personified. These bits of life, with their bursting buds, joyous in their first sight of Spring. There are no impurities about them. Humanity, however, continues to have its troubles, most of which can be traced to impure blood.

But humanity feels more contented now, for it knows that Hood's Sarsaparilla, the wonderful blood cleanser, never disappoints. You need it today. **Severe Pains.** "I had severe pains in my stomach, a form of rheumatism. My mother urged me to take Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

Complete Exhaustion. "After treatment in hospital, I was weak, hardly able to walk. I took Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

Rheumatism. "I had acute rheumatism in my limbs and feet. I commenced taking Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

Scrofula. "I was troubled with scrofula and impure blood. I commenced taking Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

Dyspepsia. "I was weak and had dyspepsia. I commenced taking Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

Stomachache. "I am now 22. Since I was 5 years old I suffered constantly with impure blood, biliousness and sick headache. I took Hood's Sarsaparilla and it made me well and strong. I have also given it to my children and they are all well. I am glad to recommend Hood's Sarsaparilla to others." Mrs. J. L. P. 340 Church St., Toronto, Ont.

Announcement of Interest to the Ladies.

A lady from Paris makes a glowing announcement. Madam Henrietta, of Paris, France, is at the Hotel Quatre, Room 14, with a large assortment of ladies' dresses, children's underwear, etc., and will be pleased to have the ladies of Belleville call and inspect her goods. Madam Henrietta will also take measures for future orders without charge. She will remain at the Quatre for a week.

Big Bargains in Boys' Suits.

At the meeting of the members of the Public Library last night the following officers were elected:

President—Thos. B. Wright. Vice Pres.—Rev. M. W. Maclean. Treas.—L. C. Ponton. Secy.—A. A. Gardner.

Directors—The officers, Thos. Dunlop, A. MacAlister, R. J. B. Crombie, Rev. T. J. Thompson.

Do You Want Consumption?

Are you really looking for it? Having it? Then pay no attention to your heaving cough, or your weak throat. You can prevent it though. Take Scott's Emulsion early, 'tho' it is the cough first begins.

Explosion of Gas.

At about 9:30 last night an explosion of gas occurred at the south end of the upper bridge, which raised the sidewalk for some distance and even shook the bridge. It was caused by a leak in the gas main and a lighted match or cigar was accidentally dropped. Although some parties were in the vicinity at the time they escaped injury. The board walk was ignited, but the blaze was extinguished with a pail of water.

Mark Lazier Must Go.

(By Associated Press.)—The Court of Appeal this morning threw out the appeal on behalf of Marcus Lazier, of Belleville, against extradition. Lazier is wanted in regard to Pennsylvania titles for forgery.

THE VETS' ANNUAL MEETING.

The Men Who Were at Prescott Receive Reports and Elect Officers.

Arrangements for a Big Celebration on the 24th—School Children Invited to Parade.

It was a month that will live in history! From their first slumbers (for the alarm was anticipated) Belleville's citizens were awakened at 2 o'clock on that Sunday morning, the 3rd in "leafy June," by the shrill notes of the "assembly," which by half a score of bugles, by the sharp clank of church bells rang as quickly as could be, by the hurrying to and fro of busy feet, and by the excited tones of neighbors' voices as they passed the word from door to door, "the volunteers are ordered to Prescott, the Fenians are crossing there." The market square was the appointed rendezvous, this hundred and thirty years ago, when the volunteers of the 8th Battalion were drawn up here, standing at the attention, listening to their gallant Colonel, A. A. Campbell, read the following telegram:

HEADQUARTERS, OTTAWA, June 3rd, 1863, 11 a.m. GENERAL ORDER. Your Battalion is called out and is required to proceed by special train to Prescott immediately on receipt of this telegram and report to Colonel Mackenzie.

P. L. McDUGALL, COL. A. A. G. Lt.-Col. A. A. Campbell, Belleville.

As the train would not be ready for three hours, the volunteers were dismissed to get their breakfast; all their haversacks with rations, say good bye to loved ones, and be ready to fight and die if needs be on arriving at Prescott, for later urgent telegrams gave the information that thousands of Fenians were pouring into Ogdensburg, and before night expected to have Prescott in their possession. As may be imagined the volunteers were not to be alarmed and some home to them, and they were filled with dread that in the conflict most of those who would be called on to bear the first brunt of it would have to do so at the cost of their lives. To their mortal honor be it said that though this alternative was before every man who left Belleville that day, there was not a coward amongst them, nor was there a father or mother who tried to dissuade their sons from going. The excitement of the early morning was, if possible, intensified later when it was learnt that the Fenians had resolved to attack a number of places along the St. Lawrence frontier simultaneously, and that the Belleville Rifles, commanded by Captain G. L. Levesque, were ordered to Auburville.

Of these daring schemes this INTELLIGENCE OF that date wrote: "Twice this year did thousands of brave men, women and children, accompany the gallant bands of volunteers to the station and bid them 'God speed' on their perilous and not too joyous journey. Twice the scenes of parting were gone through with and none but those loved ones who were of the Company can conceive the feeling that controlled them, as the hard undisciplined last good-bye was given. The heart-knocking sorrow, but that sorrow was not an unmitigated one. Not one who was a son or a husband or a father, or those trains, but felt an inward satisfaction that the old love for country and for God was as fresh in the hearts as when first implanted in the human breast. The heart throbbed and the tears dropped, but the hand went up, and the handkerchief waved, and the voice cheered as the iron horse bore away its precious freight."

Altogether, on that and succeeding days, four hundred and fifty volunteers formed Belleville's contingent at "The Front," and were spending the day in the field, that time "The great army of Freedom," which was heartily called, that was to "break the galling fetters of slavery that bound the human race."

They were away like snow before a spring sun, and the Fenian hordes had had away to the ignominious fate from which they had come.

It is the representation of that most noble four hundred and fifty that met in the comfortable Sergeants' quarters of the 10th Argyle Light Infantry last night for the year of 1875-86, and expenditures of \$51.81.

It was decided to combine the celebration of the anniversary of the Association, June 3rd, with the celebration of the 80th birthday of Our Gracious Sovereign, Queen Victoria, on May 24th. The Association therefore accepted the invitation of the X.Y. Battalion and the 48th Battalion to parade with them on the morning of the 24th.

It was decided to invite the male students of Albert College, Ontario Business College and Belleville Business College, and the boys, 13 years of age and over, of the High, Public and Separate schools, to join the parade. The afternoon it is proposed to spend at Massena Point, where sports will be held.

The following officers were elected for the ensuing year:

Honorary President—Hon. Sir Mackenzie Bowell, K. C. M. G. Honorary Vice President—Henry A. P. McLean, Esq., O. C. C., Ottawa.

President—U. E. Thompson, Esq.

DOUBLE DROWNING ACCIDENT.

William Holgate, of Thurlow, and a Marchmont Boy Meet Death in the Moira.

Boat Found Floating Bottom Upwards—No Trace of the Bodies.

Intelligence reached here this morning of a double drowning accident near Foxboro. Mr. William Holgate, a very popular young farmer, residing in the 8th concession of Thurlow, midway between Plainfield and Foxboro, in company with David Macdonald, a Marchmont boy, who assisted him in the work of the farm, went fishing last evening, and are now at the bottom of the Moira River. Mr. Holgate was the owner of a fine skiff and was in the habit of fishing in the evenings. Yesterday his skiff disappeared from the shore, and in the evening, when the work of the day was over, Mr. Holgate and his hired boy borrowed a boat (which was built for only one occupant) of Mr. Gilbert Younker to secure the skiff and spend the evening fishing. As they did not return, Mrs. Holgate this morning notified her father, Mr. David Caldwell, and other neighbors. Search was made, and Mr. Younker's boat was found floating bottom upwards near Walden Landing. The boy's straw hat was floating near by, and there is no doubt as to the fate of the fishermen. No trace of Mr. Holgate's skiff has been found. A number of neighbors drove in to Belleville this morning, and secured grappling irons and an effort will be made to locate the bodies.

Mr. Holgate, who was a son of the late Chas. Holgate, and a nephew of County Councillor John A. Holgate, was 35 years of age, and leaves no children. He was a splendid specimen of Christian manhood, much respected throughout the district. He was a member of Court Babel, A. O. F.

Macdonald was an English boy, 16 years of age. He has two brothers in this County brought out under Marchmont House auspices.

DIED AT LOS ANGELES.

A Former Resident of Belleville Passes Away.

Mr. Byron Burdett, this morning received a telegram from Los Angeles, California, conveying the sad intelligence that his father, Mr. Alexander Burdett, had died yesterday. This news was a shock to Mr. Burdett, as yesterday he received a letter from his father stating that he intended to come here the latter part of this month or the first of June. His death was apparently sudden. The deceased was born in Prince Edward County 81 years ago. He resided there a number of years and was for some time a resident of Belleville. He was a well known gentleman and much respected. He went to California some time ago, with a son, for his health, and the son of climate had, to all appearances, the desired effect. For years Mr. Burdett has been a widower. He leaves three sons, namely, Byron, of this City, Leo and James, of Los Angeles.

Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that her child, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hope less victim of consumption and that no help would come. She then wrote to her sister, suggested Dr. King's New Discovery for Consumption, she bought a bottle and to her delight it herself benefited from first dose. She continued its use and after taking six bottles, feeling herself sound and well, now does her own housework and is as well as she ever was—Free trial bottles of this Great Discovery at J. S. McKeown's Drug Store. Only 50 cents and \$1.00 every bottle guaranteed.

An Indian Boy Steals Shoes.

Wm. Hill, aged 18, a member of the Mohawk band, was arrested last evening by County Constable Steele, on a charge of entering the premises of Mr. Taylor, shoe maker at Shamondville, and stealing a pair of shoes, which were found upon him. He acknowledged the theft, but was allowed to go under a suspended sentence.

Daily Intelligencer.

THE KINDERGARTEN.

The Stratford Free Press says: "The Belleville Intelligencer is denouncing the abolition of the Kindergarten in connection with our Public Schools. Its contention is that Kindergarten pupils are less tractable and teachable and are not so well fitted to grasp with their future studies as those who have never been to a Kindergarten. In its judgment facts do not bear out these contentions."

The London Free Press comments upon the above as follows: "It is greatly to the fashion to laud these infantile schools as the perfection of wisdom as a part of the educational system, although many persons regard them at a distance as merely so many conveniences to tired mothers, who are thus relieved of the care of the children for a time each day. Without professing any more than a casual knowledge of the matter, we may know enough to say that we have expressed by an opinion that we have expressed by an opinion that we have expressed by an opinion that the Kindergarten was generally unfavourable to the nervous organization of young children. This opinion was accompanied with the remark that ninety per cent of the children should not be sent to school until the age of ten."

SNAP SHOTS AT TIMELY TOPICS.

—It appears that when the Carnegie and Frick and their allied interests are all amalgamated into one corporation, there won't be much left of the United States steel business on this side.

—It appears that the young woman who is wheeling from London, Ont., to New York, is in search of a recreant husband, instead of being a hunter to win a water. It would seem as if a hunter to win a water. It would seem as if a hunter to win a water. It would seem as if a hunter to win a water.

—The Yankee nickel people threaten to get their ore from New Caledonia if we impose an export duty on them. The Eastern Extension Company threaten to make it hot for Canada if she interferes in their cable monopoly. The American lumbermen will involve Congress to shut Canadian lumber out of the United States if Canada dares to put an export duty on saw logs. Canada must really amount to something after all.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, N.H., tells how a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work. This is a great remedy for female diseases, quickly cures nervousness, sleeplessness, indigestion, headache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly run down people. Every bottle guaranteed. Only 50 cents. Sold by J. S. McKown, Druggist."

A Progressive Concern.

A new unit of our mercantile community, and one rapidly springing into popularity, is the clothing and men's outfitting establishment of Messrs. John McKown & Co. Though only about two months established in business, they have already made a reputation for square dealing and progressive methods which show they are in an active and rapidly increasing business. Their bright and tasteful store is plentifully stocked with new goods, and has already become known as one of the popular shopping places of the City. Their advantage in starting with an entirely new stock of goods has been utilized to the utmost, and their good judgment in carrying only the better and more reliable qualities of clothing seems to be much appreciated by a good number of customers. In gentlemen's wear of the better grade, they showed an unusual careful beyond their expectations. They show an enterprise and knowledge of their business which should command success, and which we are sure will be rewarded by a liberal share of business. Give them a call.

THE PUBLIC MEETING.

Every citizen who takes an intelligent interest in municipal affairs should attend the public meeting at the City Hall this evening. The purchase of the Waterworks is a question involving the expenditure of \$100,000. Hear the matter thoroughly discussed by Mayor Johnson, and other first-class speakers.

The Mayor writes us as follows: To the Editor of the Intelligencer: Sir—I would respectfully remind the ratepayers, each of whom has a deep interest in the matter to be discussed, of the public meeting to be held this evening in the City Hall, beginning at 8 o'clock, to consider the question of municipal ownership of the Waterworks. Ladies will be welcome.

Yours faithfully,
J. W. JOHNSON,
Mayor.

Resolution of Regret.

At a regular meeting of Misses L. O. O. F., No. 127, held last evening the following resolution expressing regret at the death of the late Mr. Maynard Tickell, one of the late members, was unanimously passed:

Moved by Bro. F. M. Clarke, P.G., seconded by Bro. Geo. Johnson, P.G., that the Lodge express its sincere sympathy and regret at the death of the late Mr. Maynard Tickell, one of the late members, who died on Monday morning of one of its oldest and most esteemed members. The Lodge also expresses its sincere sympathy in the bereavement of the family, and wishes the bereaved family all the comfort and consolation in their power. The Lodge also wishes the bereaved family all the comfort and consolation in their power. The Lodge also wishes the bereaved family all the comfort and consolation in their power.

WANTS IMMEDIATE TRIAL.

Mr. Porter is in Toronto to Demand Funds.

Mr. E. Gus Porter, counsel for W. H. Porter, is in Toronto to demand funds to subsume witnesses in accordance with the decision of Mr. Justice Robertson. He will also ask that the trial proceed on the 15th, on the ground that the Crown is altogether responsible for the escape of their principal witnesses.

PORTER'S REQUEST REFUSED.

Deputy Attorney-General Does Not Want Trial to Proceed.

(By Associated Press to-day.) TORONTO, May 9.

Deputy Attorney-General Charles H. Porter, counsel for W. H. Porter, in the Napane bank robbery case, in favor of having the trial of Porter proceed with at the session next week, instead of being postponed to the 15th. He consulted with the counsel for the Crown, and also with the Attorney-General before giving his decision. Mr. Porter will now apply to the High Court for leave to appeal from this ruling of the Deputy Attorney-General. It is understood that Justice Robertson has not yet signed the order for the change of venue for the trial from Napane to Toronto, and will not do so until the question whether the Crown or the defence shall pay the costs involved in the various legal proceedings is settled.

GREER AT NAPANE.

He Revives the Theory of an Outside Accomplice.

Thinks Pare Never Opened the Locks With Wire.

Napane, May 8. Government Detective Greer, of Toronto, was in town on Saturday afternoon, to a look over the empty cells of the prisoners Pare and Holden, and to hear as well as see the difficulties Pare overcame to free himself and his partner in crime. Detective Greer thinks Pare never opened the locks with those delicate pieces of wire found in his coat pocket, but that he manufactured keys to open the cells, and that he was of course will tend to strengthen the idea of outside aid, as he evidently would try and shield his accomplice, and by leaving those pieces of wire in his coat pocket he was conveying the idea that this was the course he had pursued. The dense in the fine flushing on top of the eighteen foot wall, where it is supposed the ladder was dragged over to convey the appliances to Pare to manipulate the locks with, were examined carefully by the authorities on Saturday, and from what they seem to say strong evidence is there that aid had been given the prisoners.

Some of the papers have reported that there have been seven escapes from the Napane jail. Governor Vanlanen says he does not know if this is true or not, but that in his eighteen years' record there has only been two. Charles Milne escaped in October, 1893, and was re-captured in a few days. John Marks escaped in June, 1895, and was located in a little over a week at Syracuse, N.Y., where he had committed grand larceny, and been convicted and sentenced to three years in state's prison. This is the record of eighteen years of a jail of 1,200 or 1,300 prisoners of all classes.

CLARA FORD IN BELLEVILLE.

The Notorious Woman Who Figured in a Parkdale Murder Case.

The Oshawa Police Kindly Forwarded Her to Belleville.

Belleville people will doubtless be delighted to know that we have now within our limits a woman who has had the unenviable notoriety of being tried for murder. Several years ago a Parkdale young man of a respectable family was called to the door one evening and shot by a woman in man's clothing. A disreputable woman named Clara Ford was arrested for the crime, and after a long trial, acquitted. She is now in Belleville.

The Oshawa Viandictor just to hand says:

Clara Ford, who created so much excitement in a shooting case at Parkdale, for several years ago, visited town on Saturday evening and called on the Chief of Police for assistance to carry her on to Brockville. The Chief was very kind, and she was able to proceed to the request, but sent her to Belleville.

A Combination of Evils.

Bring on That Spring Trouble Known as "Tired Feelings."

Paine's Celery Compound Does a Wondrous Work for Every Run-down Man & Woman.

"Tired feelings!" These two words cover a multitude of danger and peril, and should, when fully comprehended, be taken as serious warnings.

"Tired feelings" result from a vitiated and deranged condition of the blood and system, which causes a general weakness of the entire system. Constipation is usually one of the dominant troubles; digestive vigor is lacking, appetite is poor and sleep is never restful.

To banish "Tired feelings" the blood must be cleansed and purified, and the nerves toned and braced.

This foundation work is easily and quickly accomplished by using Paine's Celery Compound, the world's famous spring medicine.

This not a remedy, purely vegetable, pleasant to the taste, is in every case just what is needed for it is one spring medicine that cures our best physicians' wishes for it is the greatest health restorer and strength giver that the best people of Canada find about in the home and on the street.

A few bottles of Paine's Celery Compound used during the month of May will banish all the troubles that regularly come with "Tired feelings" and it will find if you are nervous, sleepless, have indigestion, dyspepsia, neuralgia, heart trouble, or any other ailments, your doctor or druggist will, if asked, give you the use of Paine's Celery Compound.

ALWAYS GO TO STROUD'S TO SUPPLY.

Nature's Nap

Is about over. She has awakened from her winter sleep and will soon don her spring garb. Her bright sun, stiff winds and flying dust will remind you that you have EYES. About the first thing a person does when the eyes become sensitive to the sun or wind, is to rush to a store and buy a cheap pair of colored glasses. DON'T DO IT. Come to us and find the cause and the remedy. Colored glasses are intended for diseased eyes. Yours are not diseased.

LOOD POISON

A SPECIALTY

It is the most powerful blood purifier ever discovered. It cures all skin diseases, including eczema, psoriasis, and leprosy. It also cures all internal diseases, including syphilis, gonorrhea, and malaria.

Don't Play
With Two Kinds of Fire.

You insure against one kind, risk that by another kind—like new fangled insurance companies. They are all right, but you don't know it much. They haven't been tested like the Liverpool, London and Globe Insurance Company; pay a good bonus prior to your insurance. We have that kind and the records prove it.

THE BUFFALO STRIKE.

Contractors Concede They Are in Elevating Lots of Grate, But There Is a Gist Still.

Buffalo, May 10.—The strike situation along the docks remains practically unchanged. Contractor Connors stated yesterday that he was working 13 elevators with a full force of men and was doing 1,000,000 bushels of grain a day. Notwithstanding the statement the fact remains that there are 50 laborers now in the harbor, waiting to be unloaded, and 35 more are due within the next 48 hours.

ALL QUIET AT SAMOA.

Operations Suspended Pending the Arrival of the Canadian Ship—A British Prisoner.

Apsa, Samoa, May 4 (via Auckland, N.Z., May 10).—Everything is quiet on the island. Operations have been suspended pending the arrival of the Canadian ship. A British prisoner has been released.

Now Murder Will Out.

Toronto, May 10.—Austin Brown, who is now serving seven years in Kingston Penitentiary, will be held to stand his trial on the charge of murdering William Gray of Alton, Ont., last July. Gray was slain at a mill, and was found dead, having been shot by burglars, who escaped. Joseph Thompson, who was arrested and taken to Guelph in connection with the recent burglary at Hillsburg, has given the clue away.

His Insurance Ran Out.

Chatham, Ont., May 10.—It might have been a most costly fire occurred last night at Wallaceburg. As it is the home of Alex. Thompson is totally destroyed, though he fortunately saved all his household effects. The fire originated from a defective fuse. Mr. Thompson's insurance ran out a few days ago, and he lost the dwelling, which he only recently purchased.

Early Accidents

Cause Lifelong Suffering.

A Case that is Causing Talk.

When I had about eight years of age I fell into a cellar a distance of ten feet, striking on my head, and causing contusion of the brain. I was taken to a London, Eng. Hospital, the first seven days not recovering consciousness. I am now 35 years old and from the time of my fall until I began taking Dr. Ward's Pills five months ago I had been subject to various ailments, never being more than two weeks without an attack of fainting. As I grew older these spells became more frequent, and I began to feel that I was never going to get well. I was always very low-spirited and nervous, and I began to feel that I was never going to get well. Nature's Nap

Is about over. She has awakened from her winter sleep and will soon don her spring garb. Her bright sun, stiff winds and flying dust will remind you that you have EYES. About the first thing a person does when the eyes become sensitive to the sun or wind, is to rush to a store and buy a cheap pair of colored glasses. DON'T DO IT. Come to us and find the cause and the remedy. Colored glasses are intended for diseased eyes. Yours are not diseased.

The Kola Asthma Cure.

Positive and unlimited confidence in the Kola plant as nature's sure remedy for asthma has been abundantly sustained in the many remarkable cures obtained through the use of Clarke's Kola Compound. It is a great discovery. Endorsed by the medical profession everywhere. Over 60 cases absolutely cured in Canada. Cures guaranteed. Sold by all druggists.

Met that by another kind like new tangled insurance schemes. They are all right, but you don't know it much. They haven't been merited like the Liverpool, London and Globe Insurance Company; pay a good honest price for cover, insurance. We have that kind and the records prove it.

NURSES GRADUATE.

Presentation of Diplomas and Prizes at the City Hall

The City Hall last evening was well filled by those who had gathered to see and hear the closing exercises of the training school for nurses in connection with Belleville Hospital. The platform had been tastefully decorated by the ladies of the W. O. A., and those, unobscured with beauty, sat our popular Chief Magistrate, who had kindly consented to preside. Others on the platform were: Messrs. R. Tennant, A. G. Northrup, Wm. Hamilton, F. E. O'Flynn, Mrs. Furnival, Mrs. Flint, Mrs. Dunning, Mrs. Coleman, Mrs. Tennant, Miss Casswell, Mrs. Danmark, Miss Kipper, Dr. Kimbry, Sprague, Gibson, Dolan, and McKee.

TYPICAL HOSPITAL NURSE.

The proceedings were opened by prayer by Rev. C. E. McIntyre. Mayor Johnson then gave a short but pleasant duty to preside over the meeting and an honor which he appreciated. He congratulated the young ladies who had graduated, and in the closing remarks he said that the institution was a credit to the city, and that the ladies who had graduated were a credit to the institution. He then presented the diplomas to the graduates, and the ceremony closed with a song.

A piano duet by Mrs. Col. Campbell and Mrs. J. L. Bigger delighted the audience. Miss de Pomeroy, matron of the hospital, spoke a few words. She did not wish to take the credit for the efficient work done at the hospital, and the satisfactory results obtained by the young ladies who had graduated. To Miss Gordon, her predecessor, she gave the greatest credit. Miss Nugent had obtained 76 marks out of a possible 800, which was a large percentage. The lowest number of marks obtained was 584. Most credit was due Dr. Elizabeth Enbury, who had assisted the young ladies very materially. In speaking of her hospital, she said it was now her home and her interest was there.

Dr. Dolan next addressed the graduates. On behalf of the Board of Examiners he wished to congratulate them on having passed successfully their examination. All were pleased with the showing made, both in written and oral examinations. They had received from their late superintendent, Miss Nugent, and from the present superintendent, Miss de Pomeroy, a large number of letters. They had heard their duties, no matter how unpleasant that duty might have been. No word of complaint or word of complaint had been heard from any of the patients, no word of complaint from the Lady Superintendent. He gave the Examiners Board pleasure to present to them their diplomas and certificates. He then wished to congratulate Miss Nugent, who had the honor of leading the successful candidates, and who also obtained a higher percentage than any nurse who had graduated from the Belleville Training School. He stated that Mayor Johnson had given a beautiful gold medal for competition. Miss Finkner had given two prizes, a gold medal for practical work and a silver medal for theoretical work. Miss Nugent won the gold medal and silver medal. The Board desired to congratulate the Women's Christian Association, which had given the services of the hospital, and the Lady Superintendent. She has in every respect discharged her duties satisfactorily. The members of the hospital staff and the Lady Superintendent would endeavor in the future to make the work of the nurses as pleasant as possible. In concluding his remarks the doctor

LET'S BRING HOME THE BOYS.

Proposal to Hold an Old Boys' Re-Union in Belleville.

Former Residents, Many of Whom Have Climbed to Eminence, to be Invited to Re-visit the City of the Bay. A proposal, first publicly broached by La. Col. Patton, has been received with acceptance by the citizens generally, to have in Belleville a reunion of the Old Boys of the City and District now scattered all over the world, from the frozen Klondike to the parched shores of Delagoa Bay. To hold such a gathering would involve an immense amount of correspondence and other preparatory work, but we think the return would more than justify the trouble and expense.

In order that the reunion may have a practical as well as a sentimental value, it is proposed to hold it after the great Mitchell-Abbott works are in full blast, and when the revival of prosperity, which there are many hopeful signs, will have rekindled in the City some of the old Belleville has shown off her last, and is once more in the first rank of busy Ontario cities.

The Old Boys' reunion scheme first took shape in the eminently practical mind of the great jurist and orator, Hon. Edward Blake, who was the moving spirit in the reunion of the Old Boys of Bowmanville. Since then several cities have held similar gatherings, with the result that the love of former residents for the home of their youth was solidified and strengthened.

A committee of leading citizens should be formed at once to begin the correspondence, and decide upon a time to hold the reunion. It is hoped the matter will be taken up with enthusiasm.

Belleville may well be proud of some of those who would in all probability be at the vanguard of the chance to re-visit their former home. In literature we have the names of Mr. Gilbert Parker, novelist, and Miss Agnes Fitzgibbon, historian; on the bench there is Mr. Justice McMahon, Mr. Justice Ross, His Honor Judge Fern; in journalism there is Mr. H. F. Gardner, Editor of the Hamilton Times; Mr. J. W. Lewis, Editor of The Hamilton Herald; Mr. T. J. Shanks, Editor of The Kingston News; Mr. S. T. Wood, of the editorial staff of The Toronto Globe; Mr. J. W. Duff, Editor of The Montreal Weekly Star, and many others. Amongst Clergy there are the Rev. Mr. G. S. Bland, B.A., Rev. Dr. Carman, Rev. Dr. Gregg and Rev. Dr. Macdonald. And so in all professions, among the most eminent names, are those of Belleville boys.

Let us have them all visit us together.

CONFIRMATION SUITS.

GRAND TRUNK CENSURED.

Their Policy Responsible For the Death of Fireman Moon.

After the body of fireman Wm. H. Moon had been removed from the wreck at Napanee yesterday morning, a coroner's jury was empanelled for the purpose of enquiring into the cause of death. The jury after some deliberation returned a verdict exonerating the crews of the trains from blame, but, we understand, censured the G.T.R. for their policy of allowing trains to follow each other so closely.

The remains of the unfortunate woman were brought to the city last evening and taken to the undertaking establishment of Messrs. Dick & Brown, where they were prepared for burial. Death appears to have been caused by internal injury. The face bore no marks of violence. There is a deep gash under the right ear, and upon the right side of the head was another wound. The back bone was broken and the chest crushed. The body was taken to the funeral home on Starling st., whence the funeral will take place.

RESIDENCE BURNED.

William Yerex, Benjamin st., Burned Out.

A frame residence situated on the corner of Yarmouth and Benjamin sts. was this morning completely gutted by fire. It was occupied by Mr. Wm. Yerex and owned by Mr. Nathan Bowers. The fire broke out shortly after 11 o'clock and, as no person was home at the time, it had gained considerable headway when discovered. In addition to this it is situated at the western limits of the city and the run from the house to a long one. When the firemen arrived the interior of the premises had been enveloped in flames. The house was a two-story, and the fire proved to be a hot one. The loss to Mr. Bowers will be pretty well covered by an insurance of \$5,000. Mr. Yerex has an insurance of \$500 in the Queen's, which will cover his loss. The fire is thought to have been caused by a man originating from the kitchen stove.

REMARKABLE RESCUE.

Mrs. Michael Curtin, of Plainfield, Ill., makes the statement that she caught a child who had been swallowed by a snake. The child was a boy, and was about two years old. The snake was a large one, and was found in the child's stomach. The child was taken to the hospital, and the snake was removed. The child is now recovering, and the snake has been killed.

A Child Strays Away.

Last evening the five-year-old son of Mr. and Mrs. F. M. Galt, stayed away from his home on Wickliffe street, and was not found until the midnight hour. He was seen in a neighbor's yard, and they had neglected to notify the parents.

Daily Intelligence.

THE WATERWORKS PURCHASE.

We hope our officials will fully grasp the importance of getting the present opportunity to acquire the plant of the Belleville Waterworks Company.

The pessimists who predict that in no doing we would be shortening a white elephant, are respectfully referred to Belleville and other cities and towns, no larger than this, where municipal ownership has proved an unqualified success.

Some may demur at increasing our present indebtedness to the extent of \$185,000; and for the benefit of such we would point out that, if properly conducted and judiciously extended, the present system can be so worked by the city as to yield a handsome profit each year, after providing for the interest on the debt.

The more eager gossip about the water works being sold at one time at \$150,000 is more guff. No man yet has dared to come out and say he has personal knowledge of such an offer having been made by the owners of the works.

There is a citizen who has, then, if he is a man and not a skulking whiner, let him come out publicly and say so, and prevent the city from being galled. There is a class of men here, who much fear, who take a delight in carrying tales about the streets instead of trying to make an honest living and pay their debts, and to them nothing is more pleasing than to be able to give a covert stab to any measure which is brought forward in the public interest.

Soaking gossamers have killed more than one good measure in Belleville, and some of them are waiting their nickers for this by-law. For an honest, out-spoken opponent, this journal has the highest respect, but the miserable, cringing, back-biting, mud-slinging type of a fighter, who makes the loudest of every honest man.

Even if it was proved that, when hard pressed financially, the owners offered the works for \$150,000, we have the word of Canada's greatest engineers that they are fully worth the sum of \$182,000. So long as the city, therefore, is getting value for its money, we have certainly no occasion to squeal.

Turn out and vote for the by-law on May 30th.

Vanities and Ignorance. Vanity and Ignorance are, so it is said, twin sisters, an illustration of the truth of which is to be found in a Grit journal published not a hundred miles from the Belleville market square.

In an editorial article overflying with fulsome adulation of a budget speech lately delivered by the Hon. Mr. Fielding, it is modestly declared that "the Finance Minister is quite in sympathy with this journal." Does not that out-Herod Herod? Truly the sublime and the ridiculous are often so neatly related that it is difficult to class them separately. One step above the sublime makes the ridiculous, and one step above the ridiculous makes the sublime again.

reference has been made? Not at all; he repudiated them. Ministerial supporters were aghast when they listened to an open administration by the Finance Minister of his leader upon the question of reciprocity. Here are his words as reported in the official records of the Commons debates:

"I might have feared the Prime Minister to be a recorder of his own words as if Canada no longer wanted reciprocity. Perhaps that is a little stronger than some of us would care to make it. This will say: There is no time when reciprocity was not desirable."

With this record we have an admiring and enthusiastic supporter putting words and sentences into the mouth of the Finance Minister which he never uttered, and then, with an exuberance of joy, exclaiming, "the Finance Minister is quite in sympathy with this journal."

A "typography," we venture the opinion, about which the Finance Minister knows as much as the journal knows about, his utterances upon the question of reciprocity.

"No more copy wanted," comes from a familiar voice. "The boy didn't know that he was writing about. Send him to the Kindergarten down on the plain, and place him under the tuition of the 'devoted ladies' engaged in the work, and he may be able in a short time to continue the inup of the ink keg. Realizing the pertinence of the advice we accepted it."

ERRATUM. A typographical error in yesterday's is due made a passage in an editorial read "the natural growth is represented by abuse and neglect. It should have read 'is prevented by abuse and neglect.'"

A TWO-FAMILY HOUSE.

Cost, \$2,500.

This is the ninth in the series of ten illustrations in our daily paper of a two-family house, prepared especially for us by the well-known Architect, Mr. Chas. Willard Lighthill, who will be glad to furnish our readers any further information desired about architecture in general, or the designs illustrating these articles in particular.

Within the last few years there has been a growing demand for two family houses, one family to occupy each floor, with separate entrances to their respective rooms, each having, however, two or more rooms on a third floor, or attic. The house must have an exterior which presents an appearance like a single dwelling and must not look like a double house in order that the building may be erected on a restricted property.

The design accompanying this article is a happy combination of all these features, by reference to the floor plans one finds an exceptionally well designed house. The style of architecture is somewhat on the order of Queen Anne, and from its exterior it would seem to be a house for one family, but you will note that there is an entrance on the right to the first floor; and on the left to the second floor, by a flight of stairs. The back of the house is finished with a porch for sleeping rooms, in addition to the bedrooms in each room. The rooms are all fairly good sized and plenty of closet space throughout the house, the smaller closets, however, are 9 square feet, and the larger 12 square feet of storage space. The bed rooms are planned to accommodate beds of any description without obstructing any exits or entrances to the rooms.

Both the Parlor and the Dining Room have an attractive outlook from the bay windows. The first floor has a commodious veranda and the second a balcony. Bath rooms are fitted up with all plumbing fixtures, all of them open style so as to prevent any accumulation of dirt, and the water may be used if desired, though it would be a little more expensive as a first cost. All the wood work is of first quality white wood, which is treated by a stain, and the wood is soft and absorbs the stain thoroughly and can be brought to a high finish very easily.

The house was designed for an attic floor for storage purposes, but two large rooms could be, as well as two smaller ones. If desired, as spoken of in a former paragraph description of the house.—General Dimensions: Width, through bedroom and parlor bay, 40 ft. 6 ins. Height of second story, 9 ft. 6 ins. Height of third story, 9 ft. 6 ins. Exterior Materials: Foundation, brick; first story, shingles; second story, gables and roof, plaster, hard white pine. Two coats of paint and trim and floor throughout, white wood. Kitchens and bathrooms stained to suit owner. Colors: Clapboards, fawn brown. Trim, including water-table, corner boards, cornices, etc., white. Shingles in second story in and brush coated with dark red. Ac their sizes, closets, etc., are shown by the floor plans. Cellar under the whole house, on first floor, also hall, parlor and dining room on second floor. Bathroom on each room with complete plumbing. Water closet on cellar. Trim, including necessary shelving. Rear stairs from cellar to attic. Feasible modifications: General dimensions of the house may be changed. Cellar may be removed in or out of the house. Fireplaces may be placed in dining rooms. One or two rooms may be finished off in two stories. Folding doors or portiere openings may be introduced. This design is planned for two families, but by using the second story for bedrooms, and finishing off two stories in attic, it would make a commodious residence for a large family. Cost: \$2,500. The estimate is based on New York prices for materials and labor. In many sections of the country it should be less.

WELCOME TO THE ARCHBISHOP.

His Grace of Kingston Receives a
Royal Welcome to Belleville.

Our Roman Catholic Citizens Attest Their Loyalty
to Their Faith—The Archbishop Gives Utter-
ance to Most Noble and Liberal Sentiments.

Welcome!

To the kindly Christian gentleman
who, in the discharge of his duties
as Roman Catholic Archbishop of
Kingston, has come to our City
breathing the spirit of charity and
good will, we extend a hearty wel-
come, and trust that he may long
be spared to minister to his people.

The deep veneration for his ecclesiasti-
cal leaders, which is an admirable fea-
ture of the religious impressions of our Roman
Catholic fellow-citizens found a yet
today in the magnificent demonstration in
honor of Archbishop Gauthier on the oc-
casion of his first official visit to this City.

He arrived from Kingston on the 5.15
train, and long before that hour ex-
cited crowds were waiting at the G. T. R.
station and along the route which the pro-
cession was to take. The members of the

members of Branch No. 70, of the Catholic
Mutual Benefit Association of Canada, de-
sire to take advantage of this, their first
official visit to the parish of St. Michael's,
to present to you our congratulations on
your elevation to the high office to which
you have been called and to convey our best
wishes for the successful administration of
the onerous duties charged to your care.
Our Holy Father, Pope Leo XIII., ever
mindful of the well-being of his people
throughout the world, accorded graciously
to the expressed wish of an unanimous
Priesthood, the desire of an united laity, and
under the Providence of God gave to an
Archbishop who at once has won our ad-
miration and deep affection. The spirit of
unity that marked the election of a Parish
Priest has endeavored you not only to the
people over whom you have acted as spiri-
tual adviser, but has alike won for you the
great esteem of those outside the com-
munion of the Catholic Church. It is our
pleasure also to join the sentiment of
liberality, so characteristic of Your Grace,
to the prayer of our people for the
continued and successful administration of
your duties, and to the hope that you will
continue to be a source of blessing to our
people.

As a distinguished member of our worthy

According to the figures filed in the
Christian Guardian, the Bay of Quinte Con-
ference of the Methodist Church has 40
churches in debt to an amount over \$300
000.00. The rate is the same but the
75 entirely free of debt.

Absolute safety, together with conveni-
ence, are the main arguments for using

out extra cost. S. Burrows, Ticket Agent.

A petition has been filed on behalf of the
family of Austin A. Hayner, of St. Catharines,
asking that he be declared a person of
unsound mind, and an application will be
made to a Judge at Oshawa this afternoon
for the appointment of the Trustee and Guar-
antee Company, Limited, 11 King St. East, To-
ronto, to act as committee of his estate.

At the request of his representatives, The
Trustee and Guarantee Company, Limited, 11
King St. East, Toronto, are applying for
the administration of the estate of
William G. Melrose, who died at Baden, Ont.,
on February last, leaving an estate
valued at \$20,000, consisting principally
of insurance money and cash in bank.

5-13-Satly

1815—1899.

Dr. J. S. Church will tomorrow re-
member the day of its beginning. Twelve
members composed the embryo church,
Mr. and Mrs. John Reynolds, Mr. and
Mrs. Samuel Reid, Mr. and Mrs. Abel
Gilbert, Mr. Seth Meacham, Miss Har-
riet, Mr. Wm. Ross, Mrs. James Far-
ley, Mr. and Mrs. Conrad Wall.

When His Grace did leave the car and
step to the platform it was into the warm
greetings of Mr. Farrelly, Mayor John-
son, Fr. Connolly and representative
members of the congregation, among
whom were Ald. Doyle, Ald. Hanley, Dr.
Dolan, Mr. E. McHugh, Mr. C. D.
Macaulay and Mr. Jas. Hanly. This
cordial welcome was but a forerunner of
the welcome that was to come, for it was through lines
of loyal Catholics with bowed, uncovered
heads that His Grace had to pass to reach
his place at the head of the procession.

As he passed through the streets his eye
was saluted on all sides by flags and bunting,
and what was still more impressive,
the adoration of devout members of his
Church. No wonder the kindly Christian
gentleman was deeply touched, and was
constrained to deliver the beautiful bro-
therly address of which we give a report below.

The following was the order of the pro-
cession:

Marchal D. Collins,
Ottoline's Band,
Carriage containing Archbishop Gauthier,
Mayor Johnson, Mr. Farrelly and
representative members of the congregation,
Carriage containing Fr. Connolly, Fr.
Maughan, Secretary and Treasurer,
Carriage containing U. S. Consul Hendrick,
Michael Lynch—Marchal,
Branch No. 70, C. M. B. A.,
Ald. Hanley—Marchal,
Court St. James, C. O. P.,
Separate School Pupils and congregation.

The route taken was by Station, Mill,
Front, Bridge and Church Sts.

A large concourse had been impatiently
awaiting the arrival of His Grace, and as
soon as the procession entered, a rush
was made for the church and it was soon filled.
As the Archbishop entered the building
the choir sang "Vivat pastor bonus." Miss
Mackie acting as organist.

After the opening services, the following
address was read by Mr. E. J. Butler:
To the most Hon. Charles H. Gauthier, D.D.,
Archbishop of Kingston,

Replying, His Grace said: "I am at a
loss to find words with which to express
the gratitude which fills me on account of
the magnificent demonstration which you
have tendered, and the cordial manner in
which you have expressed your welcome to
me, coming as your Archbishop to visit the
old historic parish of Belleville. When I
saw the large concourse of people, the band
and the procession, so orderly and so
enthusiastic, I was touched so deeply that
I am utterly unable to express my appre-
ciation. I can only promise you that I
will pray for you. I have been delighted
to observe the reverence, the cordiality
and the loyalty with which you have wel-
comed me. Your welcome finds
expression in the beautiful language
of the address presented to me. I am
pleased beyond expression with your spirit.
I am afraid it would be vanity for me to
accept the many kind things you have said
of me personally, but I am pleased with
the expression of your faith and of your
loyalty to your Church. As to the personal
compliments, you impute to me, in your
kindness, graces of character and qualities
of mind which I do not possess. Those
graces and gifts God has given to me,
but I am not discouraged, for He will not
hold me responsible for the use of them. I
am not discouraged, for I know that He
often uses the weakest instrument to carry
out the greatest designs. Very often, in
fact generally, the very weakest are chosen
for the most arduous work. If it were not
for that I would sink under the responsi-
bility of my present position. I know
that it is not my work but His, and that He
assigns whom He will carry on His
work. He has seen fit in His wisdom to
assign me my work, and a great work it is,
this government and administration of the
great archdiocese of Kingston. I know
the unworthiness of the workman, who
I know He will carry on His work.

It is peculiarly gratifying to me to be
in a position to co-operate with you in
this reception, many who do not belong to
our Church. It is a source of pride to me
to notice this, and I desire particularly
to refer to the presence of Mr. Chief Justice
of the City, and to thank him for his
kindness in so courteously welcoming me.
I may also say that he has extended to me
the freedom of the City, and I am proud
to be able to call myself, henceforth, a citi-
zen of Belleville. I thank my kind Pro-
testant friends for joining with their
Catholic fellow-citizens in the welcome to
the head of the Diocese. I am pleased to
learn both from Mayor Johnson and from
Montague Farrelly that in your City the
best of feeling exists between Protestants
and Catholics, that harmony and concord
prevail, and that no Catholic despises his
Protestant neighbor because he is a Protestant,
and no Protestant despises his neighbor be-
cause he is a Catholic. And it is not this
the right way? Why should Catholic and
Protestant not live together always in
peace? I am a Catholic. I believe in the
Holy Catholic Church. I believe that my
Church is right and that no other Church is
right. If you think different you can at
least respect my convictions, and I am proud
the other hand should extend to my Protestant
brother every respect for his beliefs. Why
should a matter of religion prevent neigh-
borly charity and sympathy. Do we not re-
member that we are all following that
Master, the fundamental principle of
whose teaching was that we should love
others even as He loved us. It is obvious
His love by dying for you and for me, for
Catholic and Protestant alike. I thank
God for the honorable feeling of harmony
among you, dear friends, and God grant
that it may long continue."

His Grace extended his thanks to the
societies who had presented the addresses
and to the noble and Godlike work
brought by such agencies in relieving dis-
tress, extending aid to the orphaned and
handicapped, and holding up the hands of
the pious. He then traced with the lov-
ing hand of a lifelong friend the many graces
of character possessed by the beloved pastor
of the Church, Rev. Montague Farrelly,
and spoke of the devotion to duty which
had always been his marked characteristic.
Fitting testimony was also borne to the
godly and zealous character of the assist-
ant pastor, Rev. R. H. Connolly.

Concluding the Archbishop said: "I
am glad that in the address a word was
said about your schools, as it gives me an
opportunity to refer to them. It is part of
my duty now to inquire as to the status of
them, and I have heard good things about
them, and they are second to none in the
Province. This applies not only to the
Separate School but also to your Public
Schools and Business Colleges. A deep
interest must be manifested in educational
matters, and I thank you for the efficient
management of the schools. And now, dear
friends, I will not detain you any longer, I
have already spoken too long, and I
will only again thank you with a sure
heart for your cordial welcome. I am sure
this day will forever remain treasured in
my memory and I will never cease to
breathe fervent prayers for you."

The Archbishop then blessed the con-
gregation, after which Mr. Farrelly made
the announcements and thanked all, par-
ticularly his Protestant friends, for their
attendance.

His Grace will administer the rite of
confirmation tomorrow, and on Monday
he will be at home at the Presbytery,
from 2 to 5 p.m., to any citizen who de-
sires to speak with him.

fect Health.

Four years ago Annie Patterson, of Sack-
ville, N. B., a very severe attack of
Grippe, which left her with a very acute
form of stomach trouble. She had about
given up hope of a permanent cure when
South American Nervine was recommended
to her. She took it, and in a very short
time experienced wonderful relief. After
taking six bottles she was absolutely cured.
She says: "I believe it to be the most ef-
fective remedy for stomach trouble in the
market." Sold by J. E. McKee.

FELL DEAD.

Sudden Demise of Mr. E. N. Gould, of
Plainfield.

Mr. Edwin N. Gould, a well-known
resident of the village of Plainfield, was in
the City on Saturday apparently in his
usual health. Shortly after noon he re-
turned to his home. Towards evening he
was sitting upon a chair conversing with
some of his sons, when, without a moment's
warning, he fell to the floor and immedi-
ately expired. The cause of his death was
heart failure. Mr. Gould was in his 60th
year and had for a number of years been
in Plainfield, conducting a shoe-making
business. He was married some 30 years
ago to a Miss Garrison, who, with a family
of four sons, Frank, of Plainfield; Fred,
of Bangor; Ward and Morley, of Deseronto,
survive. The deceased took an active part
for years in the Young Men's Association,
Agricultural Society, and also took a deep in-
terest in school affairs, being a trustee for
a long period. He was a member of Belle-
ville Lodge No. 81, I.O.O.F., and was also
an Orangeman. For years Mr. Gould was
a valued correspondent of THE INTELLIGENCER.

TWO HUNDRED CONFIRMED.

Archbishop Gauthier Receives
a Large Class

He Again Lauds Liberty in Religion
and Godliness of Deportment
and Thought.

St. Michael's Church was crowded yester-
day by those who came to see the rite
of confirmation conferred upon some 200
children by His Grace Archbishop Gauthier.

Grand high mass was celebrated by Rev.
Father Spratt, of Wolfe Island. Rev. J.
J. Connolly, of Belleville, acted as deacon
and then, Father Maugher, Secretary of
His Grace, as sub-deacon. Special music
was rendered by the choir, the solos being
most acceptably taken by Miss M. Dempsey,
Miss J. Connolly, Mr. J. Nevin Doyle,
Mr. W. Strader, Mr. P. Y. Breton and
Mr. R. H. McIninch.

Composed of Mrs. Jas. Grant, Miss B. Ger-
trude Price, Mr. P. Y. Breton and Mr.
W. V. Hobson rendered selections with
most artistic effect.

The rite of confirmation was administered
by the Archbishop, assisted by Rev.
Father Maugher and Rev. Father Connolly.
Amongst those confirmed were three
girls and five boys from the D. and D.
Institute, the service being interpreted to
them by Prof. Paul Daynes. His Grace
then addressed the children.

They had received the great sacrament
of confirmation and the Holy Ghost had
come to them to enlighten their minds and
to strengthen their hearts for the fight
against sin. They now knew their duty
and he hoped they would fearlessly do it.

84TH ANNIVERSARY.

Bridge St. Methodist Church Enters
upon its 84th Year.

Rev. James Rankin, of Parkdale Metho-
dist Church, Toronto, preached the anni-
versary sermon in Bridge St. Methodist
Church yesterday.

His text in the evening was John III.
16: "For God so loved the world, that
He gave His only begotten Son, that who-
ever believeth on Him might not perish
but have eternal life." The discourse was
strongly evangelical in flavor, and was de-
livered in vigorous and luminous Anglo-
Saxon, without any critical flourish, and
with the weight of conviction behind it.

The "old, old story" was told in a new
way which brought home to the hearers
the story more clearly than ever before the
congregation of God, as revealed in His
great sacrifice for the salvation of man. The
points of his discourse Mr. Rankin ap-
plied illustrated by a number of anecdotes, some
of them most pathetic, and conveyed in a
manner which materially heightened their
effect.

Under the leadership of Mr. Hunt the
choir is now in a most efficient state, and
the anthems at both services were given in
excellent style.

HIS SUFFERINGS ENDED.

Death of Mr. Thos. Watkins After a
Painful Illness.

At 10.30 on Saturday night, at the hospi-
tal, Mr. Thos. Watkins, an aged and re-
spected citizen of this City, passed away.

For upwards of five months the deceased has
been a great sufferer from stomach trouble.
In the year 1823 he was born at Newport,
Shropshire, England, and came to this
country when a young man. For upwards
of 50 years he had been a resident of Belle-
ville, 35 years of which he was clerk upon
the market, in which position he, by his
uniform kindness and fair dealing, won for
himself the hearty esteem of the entire
community. He held the position until he
was over a year ago, since which time he
has been failing in health. Some 47 years ago
he was married to Miss Mahala Grooms, a
sister lady from Blandford, Prince Ed-
ward Co., who, with a family of one son
and two daughters, survive. The son, Delos,
resides in this city, being engaged in the
grocery business. The daughters are Mrs.
James H. Moon, of this City, and Almida,
who lives in Toronto. Mr. Watkins was
an adherent of the Methodist church, and
a member of a Conservative. Many
friends will regret to hear of the demise of
one whom to know was to honor. The fu-
neral will take place on Tuesday, at 2.30
from his late residence, corner of George
and Queen sts., at 2.30.

Spain's Greatest Need.

Mr. P. P. O'Leary, of Barcelona, Spain,
spends his winter at Alton, S. C. His
nerves had caused severe pains in the back
of his head. On using Electric Bitters,
America's greatest Blood and Nerve Remedy,
all pain soon left him. He says this grand
medicine has saved his country needs. All
America knows that it cures liver and kid-
ney trouble, purifies the blood, tones up the
system, strengthens the nerves, puts vigor
and new life into every moribund nerve,
cures the body, weak, tired, and
ailing you need it. Every bottle guaran-
teed, only 50c. Sold by J. S. McKewen.

The New Warden.

Kingston News: It is now altogether
larger than Dr. Platt will receive the ap-
pointment of Warden of the Kingston
Penitentiary. Major J. Lyons Biggar, of
Belleville, stood well for the position, but
he was out of the race, it is said, on the
promise of the Government that he
should receive something else which he
would like just as well.

More Greetings.

The boys and girls of the Separate
Schools assembled at St. Michael's Church
at 10 o'clock this morning to pay their re-
spects to His Grace the Archbishop. A
hymn of greeting was sung in a manner
which proved that the children had been
carefully trained. Little Miss Irene Ad-
ams, read an address to His Grace which
in graceful language expressed the pleasure
of the children at welcoming to Belleville
the beloved head of the archdiocese.

The Archbishop made a most happy re-
ply, thanking the little ones for their
expressions of affection, and admonishing
them to respect their teachers, to persevere
in their studies, and above all to pray to
Almighty God from whom all good comes.

Mr. Farrelly also spoke a few words
in his usual kindly strain.

Bouquet of flowers were presented by
His Grace and also Mr. Farrelly by the
following children: Irene Adams, Alice
Gillick, Beate Eustace, M. Lynch, C.
Leonard, T. Madden, M. Adams, L. Mc-
Vicker, F. Lalonde, H. Martin, E. Dady,
A. Adams, B. Debel and E. Baker on
behalf of the girls, and T. L. Lam, Leo
Brown, W. Cox, H. Vancorran, L. Calla-
han, W. Britton, J. Manahan and W.
Byrne on behalf of the boys.

After the singing of a hymn, the Arch-
bishop announced a holiday from school
for the remainder of the day.

We have been handed a copy of the ad-
dress of His Grace from the congregation,
but regret that space will not permit its
publication to-day.

THE INTELLIGENCER is pleased to learn
from Mr. Farrelly's own lips that this
paper far surpassed its contemporaries in
its report of Archbishop Gauthier's recep-
tion, in which opinion, he declared, His
Grace coincided.

BOAT CAPSIZED—
TWO DROWNED.

Fatal Result of a Sunday Sail near
Brighton.

Trouton, Ont., May 14.—Four men na-
gled Elias Weeks, Edward Chas. John Fie-
gald and Gilbert Bontor were crossing in
a sailboat from Weller's bay, near Con-
cession, to Sneak's point, near Brighton, this
morning, when the boat capsized, throwing
the four men into the water.

Fitzgerald and Bontor were both drown-
ed. Weeks and Chas. were clinging to the
boat, when found, but Weeks is still uncon-
scious, and up to the present time there is
very little hope as to his recovery. Chas.
is alive, but in a very exhausted condition.
The accident took place about 7 miles from
Trouton.

TWENTY-EIGHT KILLED

The injured in the Rear-End Collision on the Pennsylvania & Reading Road Number Fifty.

Reading, May 15.—Twenty-eight dead and 50 injured, some of whom they may not recover, is the awful result of the terrible rear-end collision on the Philadelphia & Reading Road late on Friday night.

The cause of the disaster is still involved in mystery, and officials of the road are investigating in order to place the blame. The man at the signal tower at Exeter Station, who had the signal properly displayed. In a statement yesterday, General Superintendent of the Reading Railway said a block of freight cars on the track, which were waiting a shunting at Exeter, and only one was injured. Nevertheless it is in mourning, as the greatest number of dead and injured were residents of that place.

A FATAL FAMILY QUARREL

Frederick Wood shoots his wife and then kills himself.

Greenwood, Ont., May 15.—A shocking tragedy occurred here about 7 o'clock on Saturday morning. Frederick Wood, his wife and family quarrelled last spring, and as a result, he was locked up in the White Jail for three months. Since his release he has been wandering from place to place, the family refusing to admit him to their home. He slept in the barn on Friday night, and entered the house as soon as the family had gone to bed. His wife and daughter, who were the only ones present. He gave his watch to his daughter, then ordered her out. He then shot his wife, who was locked up in the abdomen and one in the back. Thinking he had killed her, he placed the revolver in his mouth and shot himself instantly. He leaves a grown-up and very respectable family. Mrs. Wood died at 2 o'clock on Sunday morning.

Spent during 25 years on Catarrh Remedies and Specialists by a wealthy mill-owner of Port Huron, Mich.

Japanese Catarrh Cure.

Mr. Joseph Little, the well-known mill-owner of Port Huron, Mich., formerly of Vancouver, writes: "Japanese Catarrh Cure has completely cured me of catarrh, which had troubled me for twenty-five years. I have at different times spent over one thousand dollars with different specialists in Toronto, Buffalo and San Francisco, besides trying all other remedies, but the result was only temporary relief. Hearing of the remarkable cure throughout the west by Japanese Catarrh Cure, I purchased a box while in Vancouver about two years ago and since coming to this country I have not felt the slightest symptoms of my former trouble. I feel that I cannot say too much in its favor; the first application of the great relief. We also keep a supply in our office, and it is superior to any other remedy for healing of the catarrh. If you have tried all other remedies without success and are afflicted with the catarrh of Japanese Catarrh Cure, enclose a trial coupon and we will mail you a trial coupon sufficient for nearly 2 weeks' treatment. Price 50 cents, or six for \$2.50, with guarantee to refund money if not cured. By all druggists, or by mail post-paid. Address, The Griffin & Macpherson Co., 121 Church St., Toronto. Sold by D.M. BURGLARS AT BOWMANVILLE

Half a Dozen Masked Thieves Rob the Standard Bank.

The Proceeds Were Very Seasonable.

The Town Watchman Was Handcuffed and Tied, and These Thieves Were Released.

The Standard Bank, on the corner of King and Temperance streets, the financial center of the town, was burglarized on Saturday morning between 3 and 4 o'clock, and all the money in the vault, excepting a few dollars, was stolen, with a number of valuable papers.

Every day, the night watchman employed by the Town Council to patrol the business streets, had just finished his lunch in the public office in the Town Hall block, only about 60 yards from the bank, when he was startled by the sound of a bell.

He went to see what was passing, and he was met by two masked men, one on each side of him, and his arms raised from his sides to prevent him from reaching his pocket for his revolver. He was pushed back into the office and the door was closed by the two men. He was then bound by a cloth around his neck, and a gag was put in his mouth. Cure Your Rheumatism Before It Gets a Hold.

TAKE RYCKMAN'S KIDNEY CURE.

Thousands Have Been Cured By Its Use.

During the coming winter a large portion of your time will be spent indoors. Want of exercise will cause sluggish blood, and as a consequence the kidneys will not perform their function. You become dyspeptic, have pains in your back, hips or joints and lose your appetite. That means Rheumatism. Look for it. It is the KIDNEY CURE. It cures the blood, and the blood is the life of the body. It is the only medicine that cures Rheumatism, neuralgia and kidney complaints. All druggists sell it. For testimonials write to—

HARBOUR AFTER ROSEBURY.

English Liberal Leaders Have Got Into a Hot Wrangle.

Lord Rosebury's speech on the 5th May started Sir William Vernon Harcourt followed it with a vigorous reply, and now it looks as though the war will be a very bitter one.

London, May 15.—Lord Rosebury's speech before the London Liberal Club on May 5, in the course of which he expressed a wish for the revival of the old Liberal spirit, has proved an oratorical triumph of the first order. It has elicited a virulent reply from Sir William Vernon Harcourt, which has been the political season of the week. Sir William's speech was a warning to the Liberal party to the leadership of the Liberal party between himself and Lord Rosebury, and the Liberal party has taken up the cudgels in behalf of Lord Rosebury and talk to Harcourt very strongly. The speaker called his interpretation of Lord Rosebury's words "a most absurd and malicious falsification of his meaning, and the worst example in recent years of downright misrepresentation." The British Weekly says: "Harcourt's attack was a grossly unjust, slanderous, and only to be accounted for by a rancor of hatred amounting almost to madness."

Other multiples of the Liberal party insist that Lord Rosebury, in urging a change of program, but a return to the party discipline and cohesion that existed in the halcyon days of Liberalism.

Harcourt will speak.

Sir William Vernon Harcourt yesterday announced that he will speak to his constituents on May 24. His opponents are awaited with the keenest interest, and another speech in his best fighting style is expected. Meanwhile the Liberal party does not intend to take any action in the matter, but a direct bid for Mr. Joseph Chamberlain and a promise to Rosebury identifying himself with the Liberal Unionists.

The Sun says that Lord Rosebury's abandonment and his explicit acceptance of the Liberal-Unionist program, might in the event of a Conservative victory at the next elections, possibly be marked by the offer and his acceptance of Cabinet rank.

BE READY TO TAKE THE FIELD.

Transvaal Burghers Have Received Such Instructions From Commanders.

Pretoria, May 15.—The Cape Town correspondent of the Daily Mail says: "At a meeting of the commandants on the western border of the Transvaal (Saturday) instructions were issued to the Burghers to prepare to take the field at a moment's notice from Pretoria."

"The negotiations are still pending for the proposed meeting between President Kruger and Sir Alfred Milner, Governor of Cape Colony and high commissioner of South Africa, on neutral ground, on the island of Mindanao, but were repulsed. The latter believes that France will give the required guarantee and that the Kaiser will also promise neutrality."

Philippine Attacks Spanish.

Madrid, May 15.—An official despatch from Manila says the insurgents attacked the Spaniards at Zamboanga, on the island of Mindanao, but were repulsed. Two Spanish officers and three men were wounded and one man was killed. The insurgents cut the water supply at Zamboanga.

RUSSIA'S DEMAND REFUSED.

Chinese Government Declines to Grant the New Railway Concession.

Shanghai, May 15.—The Tsung Li Yamen (Chinese Foreign Office) has replied to the Russian Minister at Peking, Mr. de Giers, that the Government is unable to accede to the Russian demand, made by the latter, for a concession of a railway line, connecting Peking with Russia's present system in Manchuria. Mr. de Giers had demanded that the Chinese should grant a concession for a railway line, connecting Peking with Russia's present system in Manchuria. The concession asked for would run the existing northern railway, in which British capital is invested to the amount of £2,000,000; and there would be no alternative route without interrupting the present railway extension which the Chinese have in mind.

CUTS AT CUBA.

The Cuban Insurgents have raised taxes on sugar.

The United States has never used explosive projectiles in its small arms. No country but Great Britain has done so, and Great Britain has only used them against savage tribes.

The common soldier in Russia receives 3 rubles per annum—about \$1.50. The day's ration consists of two pounds of coarse bread made of cracked rye, a small quantity of meat, 1 ounce of rice, 1 ounce of dried vegetables, 16 ounces of potatoes and once a week he receives 3 ounces of salt, 4 ounces of coffee and 5 ounces of sugar.

AN EXPRESSION OF FAITH.

Dr. Ward's Blood and Nerve Pills have done me an incalculable amount of good. I think they are the best, surest, and cheapest acting cure for nervousness, sleeplessness, anemia or impoverished blood, loss of appetite, indigestion, and all the ailments that attend a weak and nervous system. I have taken them for years, and before taking them I was a nervous wreck. I am now a healthy man, and I feel that I owe my recovery to Dr. Ward's Blood and Nerve Pills. RUSSIA PERSECUTING JEWS.

Orders That They Shall Not Remain in St. Petersburg.

The measure was promulgated on Saturday—Kam French Jews Prohibited Serious Outbreaks at Nizhne-Novonizhne. The Jews there were arrested after a riotous outbreak. Arrested After a Riotous Outbreak.

London, May 15.—The Russian Government has decided upon exceptional measures against the Jews, doubting owing to the intense feeling against them prevailing in many parts of Russia at the present time.

The first anti-Jewish measure was promulgated on Saturday, under which the Jews of all ranks and professions were prohibited in St. Petersburg. No exemption will be made, even in the case of French Jews. There have been serious outbreaks against the Jews at Nizhne-Novonizhne, with the latter festivities of the Greek Church. The Jews there numbered 30,000, out of a total population of 100,000. The rioters, who were mostly laborers, destroyed Jewish houses and shops, and injured a large number. About 400 of the rioters were arrested after several furious outbreaks with the Jews, several of whom were wounded, and some were killed. The rioters were heavily armed, and with the rioters attacked the police.

Daily Intelligence.

MORE TO BE PITIED THAN BLAMED.

The Diator makes a desperate effort to be funny over THE INTELLIGENCER's report of Mr. William John Allen's examination on Monday last, of which event our contemporary never heard, as usual, until it saw the report in this paper. A Diator who is making an egregious use of itself.

Its guttering snore at Mr. Allen will add to its reputation as a purveyor of a unflattering malignity, and a disgraced and discredited mind. The fact that the Diator's report was a lawyer who is a specialist at the art of torturing politicians into damaging admissions, without any question or reservation, proves that he had put nothing upon or illegal to hide from the public, and this was sufficient to draw down upon him the wrath of the Diator crew, whose delight it is to shriek gloefully over the downfall of some man hitherto above reproach, or the blasting of a reputation built up by years of vigour.

The Diator may not like its memory and its conduct, and resort to one of its hoarse-headed victims to hurl at the head of Mr. Allen and THE INTELLIGENCER, but it will be with the pleasing assurance that the public look upon them as the maudlin ravings of consequential imbecility.

THE WATERWORKS PURCHASE.

Mayor Johnson Presents Some Conclusive Figures.

St.—To the Editor of THE INTELLIGENCER.

The book of the day is undoubtedly David Harris. In 1898, 26,000 copies were sold, and it is said that already over 30,000 copies have been printed.

Few of the many thousands who have been charmed by its skillful analysis of human motives and human character are aware of the added sanctity which hangs over it as the legacy of its author to the world, from which God was about to remove him. All a dying man's sympathy for the fallen and weakness of his kind, and his supernatural insight into the workings of the human mind find expression in this, the magnum opus of a great creative genius.

Edward Noyes Westcott was nearly fifty years of age when he began its composition. He had spent his life in the banking business, and when laid aside by mortal illness, conceived the project of writing this book, merely as a diversion. He found solace in it, and as the story grew and as disease fastened its clutch tighter and tighter upon his body, his interest increased until it became an absorbing passion. The characters were living persons to their creator. Their deeds and misdeeds were part of a life, which filled his own falling days with delight.

After he was finished he was offered to serve different publishers before it was accepted by the critic of a New York publishing house, who recognized in it the keenness of delineation which has since delighted so many. The author did not live to see it in print, for he died of consumption in Syracuse, New York, on March 31st, 1898.

Consumption, the dread White Plague, was the instrument in the hands of the Creator of drawing from the intellect of a master the machine which had hitherto been wasted amid the surroundings of noisy life. Among the treasures of literature will be the only child of the genius of a Syracuse bank clerk.

A SESSION OF SIN.

Nipissing may be carried by the potencies of free whiskey, Elgin may be stolen by means of bogus ballots, South Ontario may succumb to the seductions of greenbacks, but the fact remains that the Hardy Government is hastening to defeat.

The last session of the Legislature proved that the corporations owned the Government. Look at the soul, and that Mackenzie and Mann, the vindictive Hardy and the drivelling Ross, directed the affairs of this Province.

Those gentlemen are the same innocent, lamb-like individuals who were so nearly floored by the Able Young Minister Sifton, when they entered into a little diabolical over the building of the Yukon railway. Now they seem to be hungering and thirsting to be pilloried by friends Hardy and others. According to The Globe, "The Lamb" have been badly worsted every time they ran against the able Liberal administrators. But they still continue to run up.

POOR McPHERSON.

A Truro Mechanic Whose Weakness Is Drink.

Was Employed on the Crow's Nest Pass Railway and is Now Stranded.

A few days ago a man, evidently a truant, but one possessed of extraordinary intelligence, visited this office, told his little tale of woe, and was given money to take him to Kingston.

He claimed to be a mechanic from Truro, N.S., who had been duped by contractor Harvey of the Crow's Nest Pass Railway. He possessed an accurate knowledge of Canadian political events for the past 20 years, and was recognized by Sir Mackenzie Bowell as a man who once vacated his seat in the House of Commons for the Ontario seat on the Ontario seat.

At the time of the call, we observed that Mr. McPhereson's breath was borne of alcoholic stimulants, and although we possess no very accurate practical knowledge of the different kinds of liquor, we readily recognized the odor to be that of the horrible concoction known as gin.

The Kingston Whig thus relates the further adventures of McPhereson:

On Monday morning of last week eight stragglers on the Saturday night train, M.C.A. asking for assistance. One of them, McPhereson by name, told such a tale of woe and such a story of his life that we could not but be moved.

Mr. McPhereson said he was a mechanic belonging to Truro, N.S., where he had a wife and two children. He was induced to go to the Crow's Nest Pass to work on the railway, being promised a free trip there and return, and \$2.50 per day while there. His first month's wages were retained to pay for his passage out and a second month's to pay for his return fare. Those who have read the papers know what hardships those men were obliged to undergo while employed on the Crow's Nest Pass.

POOR McPHERSON.

A Truro Mechanic Whose Weakness Is Drink.

Was Employed on the Crow's Nest Pass Railway and is Now Stranded.

A few days ago a man, evidently a truant, but one possessed of extraordinary intelligence, visited this office, told his little tale of woe, and was given money to take him to Kingston.

He claimed to be a mechanic from Truro, N.S., who had been duped by contractor Harvey of the Crow's Nest Pass Railway. He possessed an accurate knowledge of Canadian political events for the past 20 years, and was recognized by Sir Mackenzie Bowell as a man who once vacated his seat in the House of Commons for the Ontario seat on the Ontario seat.

At the time of the call, we observed that Mr. McPhereson's breath was borne of alcoholic stimulants, and although we possess no very accurate practical knowledge of the different kinds of liquor, we readily recognized the odor to be that of the horrible concoction known as gin.

The Kingston Whig thus relates the further adventures of McPhereson:

On Monday morning of last week eight stragglers on the Saturday night train, M.C.A. asking for assistance. One of them, McPhereson by name, told such a tale of woe and such a story of his life that we could not but be moved.

Mr. McPhereson said he was a mechanic belonging to Truro, N.S., where he had a wife and two children. He was induced to go to the Crow's Nest Pass to work on the railway, being promised a free trip there and return, and \$2.50 per day while there. SECTION MEN STRIKE

They Wanted an Improvement in Their Status, But Say They Only Got a "Little Taffy."

From Portland, Me., on the East, to Sarnia on the West, the Men, with a Few Exceptions are "Out."

For some time past there has been a feeling of unrest and dissatisfaction among a certain class of the G.T.R. employees known as the section men. As a result this morning the section men, with comparatively few exceptions, went out on strike, from Portland, Maine, on the east to Sarnia on the west. On Saturday a delegation of the men waited upon the officials at Montreal and laid before them the grievances from which they allege they suffer.

They state that their wages are quite inadequate for the work they have to do and the long hours they have to serve. For instance, the foremen are paid \$1.50 per day and the men \$1, from which is deducted from two to three cents for insurance, making their pay only 97 cents per day. They state that they are compelled to work from 15 to 17 hours per day, and no overtime allowed. They contend that one of their foremen was dismissed because he would not admit that he was satisfied with his position and salary. They contend that they pay with that given by the C. P. R. for a similar class of labor, to the disadvantage of the Grand Trunk. The C. P. R. pay is \$1.75 and the men \$1.50. The men say that while the C. P. R. has raised the trackman's pay when times were good, the Grand Trunk never does them any increase in good times, while on Thanksgiving day, Christmas and other holidays the Company laid them off and deducted their pay.

The men have been appearing before Mr. McGuigan to air their grievances, but complain that all they got in that quarter was a "little taffy." What they wanted was an improvement in their status.

Mr. McGuigan, for his part, stated that he had gone very fully into the matter with the men, which he had treated with the utmost consideration, but that the case had been referred to Mr. Hays, with whom it is at present rested.

From the section which the men took today it seems apparent that they are determined, if possible, to secure what they claim is a fair day's pay for a fair day's labor. They want \$1.25 per day for 10 hours of work.

What the outcome of the strike will be at present it is difficult to forecast, but there appears to be much sympathy with the men among the other branches of workmen.

The engineers, it appears, are also dissatisfied, as the following despatch will show: "A delegation representing the Grand Trunk engineers arrived at Montreal on Saturday morning. The delegation numbered 40. The principal demand was for an increase in wages. The men in their wages, which they claim, are at present insufficient. They now receive \$2.75 per hundred miles run and they ask \$3.00. The delegation had a conference with Mr. Moore, the locomotive superintendent, who promised that their representations would receive consideration."

Laid Away in the Tomb

Funeral of the Late Miss Rose—Beautiful and Appropriate Services.

The funeral of the late Miss Florence Nellie Rose, only child of Mr. and Mrs. J. H. Rose, died at 10, took place on Sunday morning and was largely attended. At 10:30 the cortege proceeded from the family residence to Holloway at Methodist Church, where services were held, conducted by the pastor, Rev. C. W. Watch, who was assisted by the Rev. J. Ferguson. The church was filled with sympathizing friends. After the usual devotional exercises the pastor preached an able and appropriate sermon from Revelation, 21st chapter and the first four verses.

In his closing remarks the reverend gentleman referred in a feeling manner to the deceased and her connection with church work. During the ceremony and while the body was being carried out the choir sang appropriate selections. The remains were taken to the Albany burying ground, Prince Edward County, for interment. The bearers were Messrs. B. J. Powers, E. Lawrence, H. Farley, Chas. Gill, W. Robinson and F. Ashton. Upon the coffin were placed a number of beautiful floral designs by the deceased's many friends.

THE SONS OF ENGLAND

Went to Divine Service at St. Thomas' Yesterday.

And Their Chaplain, in His Annual Sermon to Them, Told Them Many Things Worth Remembering.

In compliance with a rule of their order, which requires them to attend divine service on the Sunday nearest to the Queen's Birthday, the two lodges, Oxford and Lyd ford, of the Sons of England, attended St. Thomas' Church yesterday afternoon. There was a small turnout of the members, but the congregation present was a large one. Rev. Canon Burke, in a few graceful words, welcomed the visitors. Rev. A. L. Green, Chaplain of Oxford Lodge, presided and gave an able, scholarly and patriotic address. In graceful and fluent words the Rev. gentleman told his hearers of "The Fatherhood of God and the Brotherhood of Man," preaching from the First Epistle of John, IV, 19-21.

"And this commandment have we from Him—that he who loveth God love his brother also."

Do not these words, he said, fall pleasantly on our ears? They read like a motto we might emblazon on our banners, an inspiring maxim which it is the duty of every member of the Order to carry out. They express truths which are dear to the hearts of the Sons of England. They recall to us the relation which exists between us and the Deity, which is one of supreme love. It is a great thing that the founders of our Society made the keystone of our arch to be love to God and love to our neighbors. The prayers that are offered up in the Sons of England lodge room are distinctly Christian.

One of the obligations of our fraternity is to uphold the sacred scriptures, that inspired fountain of light, truth and liberty, the source of England's moral pre-eminence among the nations of the world. God has given us unmistakable inducements for loving Him. We should love Him because he first loved us. The Heavenly Father, His love, the firmament showeth it, the stars proclaim it as they shine, one day telleth another and one might certify another. The earth is filled with the goodness of the Lord. He watcheth the hills from above; He bringeth forth grass for the cattle and gives food for the service of men, that they may bring good out of the earth. And what saith the voice of the revelation? It makes known to us, in the person of God, a Heavenly Father, one who is above us, yet near us. One who by his knowledge of us is able to sympathize with us in our weakness and wants. He knoweth whereof we are made. He remembereth us as but fast, yet, like a father pieth his own children, so the Lord is merciful to them that fear Him. Christianity brings to our view the wonderful spectacle of the Eternal Son's union with our common humanity. It makes known to us, whom his whole race may claim as a friend and brother, whose sympathies are world-wide, whose heart beats with the great heart of our common humanity, who, stretching forth his arms, bids us all, run to and fro through the earth crying, "Come unto me all ye that are weary and heavy laden, and I will give you rest."

The Sons of England Benevolent Society is a legitimate offspring of that Christian spirit of brotherly love. The objects and aims of our order are to unite all good and true Englishmen for mutual aid, for the practice of benevolence, and keep alive those dear old memories of our native land, to care for each other in sickness and adversity, and when death strikes down a member, to follow his remains to their last resting place. This is true benevolence and religion. It was to promote this union that Christ was born in Bethlehem. He died leaving this high commandment: "Love as I have loved." In a conclusion he appealed to his hearers to cling to the faith of our forefathers. Look at the edifice they gave. The flag of England is everywhere, and wherever it is, righteousness and freedom prevail. We lay that flag on our altars to show the place it holds in the temple of our hearts.

The red crossed flag our fathers raised, we hold it as a friend. And should that flag be assailed, we will defend it.

The red cross which gleams from that flag is the symbol of Christianity, Christianity which has made old England so free, so tolerant, so peace-seeking and prosperous.

After the brethren had returned to the lodge room, votes of thanks were unanimously passed to the Rector and Church Wardens for the use of the church, to Mr. Col. Campbell and choir for music rendered, and to Rev. A. L. Green for his able and patriotic sermon.

Eye Specialist.

Prof. J. H. De Silberg, optician and celebrated eye specialist, from Germany, will be here, at Albert L. Green's drug store, Monday and Tuesday, 22nd and 23rd of May, where he can be consulted. All consultations free of charge. Those who have weak or imperfect eyes should not fail to consult him. 17-18 19-20-22-24.

LOOK OUT FOR THIS MAN.

A Dead Beat and Boasting House Thief Who May Try to Work His Game in Belleville.

We have been requested to warn everybody in general and Englishmen in particular against a certain Mr. Dewalds, who was guilty of ingratitude and race-baiting in Montreal and was supposed to be heading this way. He came in to work on the sympathies of confiding brethren and rob boarding houses. Following is the description given of him:

"He calls himself Mr. Dowdalo, and comes from Kent, England; height, about 5 feet 7 1/2 inches; age, 40; light-brown eyes; color, fair; curly hair; high cheek bones, moustache, and short, stubble whisker from ear across cheek, and chin shaved. Navy blue coat and vest, brown pants and hat which is soft; had on light blue shirt and collar."

Ho! For Madoc.

THE IRON WORKS.

Wet Weather Has Retarded Building Operations, But Good Progress Has Been Made.

The inclement weather of the past week has to a large extent militated against the pushing forward of the rolling mill building. The portion of the ground where the rolling mill proper is being erected is very wet. Excavations which have been made along the foundation lines fill with water as soon as dug and remain so. Despite this fact a portion of the foundation is already for the frame work, and with more favorable weather a large staff of workmen will be placed at work.

Work upon the spike and nail factory is progressing nicely. A large amount of the brick work is already done, the western wall now being high enough for the frame work to be placed thereon. Woodley Bros., who have the contract for the mason work, are doing a job which Mr. Mitchell, one of the company, is much pleased with. Already a number of the large doors have been set up and the work is in such a condition that an observer has an idea of the magnitude of these buildings.

The work of making the roadway to the building, being an extension of Wharf street, is moving on to completion, and when done will be an excellent job. The company will as soon as possible commence work on the roadway to the dock, which will be south of the large building. The lines have already been run and soundings made.

A BRAW CHIEF.

FRA KINGSTON

Paid a Visit to Camp Rob Roy Last Night, and They Feasted, Sang and Made Merry.

Mr. McDowell, of Kingston, District Deputy Grand Chief of the Sons of Scotland, last evening paid an official visit to Camp Rob Roy of this City. There was a large attendance of the members of the Order, not only from the City, but the surrounding country. After the usual business of the Camp had been completed, a banquet was held in the assembly room of the Lodge. Bro. Wm. McIntosh, Chief of local Camp, presided. The usual toasts were proposed and responded to, songs and music by the bachelors being interspersed with the addresses. The D.D.G.C. expressed himself as much pleased with the visit and the flourishing condition in which he found the Camp. The affair was brought to a close at a reasonable hour, all having thoroughly enjoyed themselves.

OBITUARY.

MRS. L. H. ARMSTRONG.

After being a sufferer for upwards of four years, Mrs. L. H. Armstrong, of Bath, died last evening. The deceased, whose maiden name was Letitia Marcella Deacon, was a daughter of Mr. and Mrs. Wm. Deacon, Coleman st., this City. She was born in Belleville and resided here all her life until some nine years ago, when she married Mr. Armstrong and removed to Bath, where she has since lived. Nearly four years ago she was stricken with paralysis, which finally caused her death. Mrs. Armstrong had many friends and her funeral will be held at the City to-night and the funeral takes place to-morrow afternoon at 3:30.

It Will be a Gala Day.

From all appearances a large number of our citizens will be in attendance at the great celebration at Madoc. By reference to the advt. in another column it will be seen that great things are in store for those who visit that bustling little burg. There will be brass bands galore, the famous Timpas Cadets, horse and baseball matches, track bicycle riding, and a brigade competition run, than which there are not many more exciting things; a miners' rock-drilling contest, \$100 in prizes, tug-of-war, open and every-body, and what should prove of great interest, a mineral exhibit, showing the resources of Hastings County. Particulars can be obtained from the advt.

Special Meeting.

A special meeting of the Board of Education was held at 4 o'clock this afternoon, for the purpose of considering the matter of entertaining in some manner the Toronto Cadets, who will be in the City two hours on Thursday morning.

EMPIRE DAY.

Fittingly Celebrated in the Schools of the City.

The first celebration of Empire Day throughout Canada took place to-day, and was the occasion of demonstrations of affection for British institutions in the schools all over the Dominion. It is expected that the movement will spread throughout the Empire, and that after the death of the Queen and the consequent abolition of the Queen's Birthday holiday Empire Day will become a general holiday to celebrate not only the bond of unity throughout the empire, but the virtues of the good Queen under whose benign sway the Empire has been so wonderfully strengthened and built up.

In the various schools of this City the day was fittingly observed, especially at the Oatfield Road School, where this afternoon the parents of the children and others gathered to participate in the celebration.

Strike Notes.

The situation re the strike of the section men on the line of the G. T. R. remains unchanged. It was currently reported last evening that an order had been sent along the line informing the officials at various points that unless they would be dismissed at noon to-day they would be dismissed. The authenticity of this report it is impossible to verify. Whether it was so colored or not, this much is certain, that the men are still out and their places are not being filled. The number out on strike is about 1,800.

Meetings were held at different points along the line last night by other employees of the road, and the unanimous opinion was that the strikers were perfectly justified in their demands, and will, no doubt, be assisted in every way by their fellow employees.

Twenty-two men, including three foremen, are on strike here; two foremen are at work and they have two men with them. There is no trouble whatever, as the men are not making any demonstration.

The branch lines of the Grand Trunk in the United States are not affected by the strike.

(For other strike news see page 2.)

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hamilton, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he said: "I was taken with fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even get up to bed. Nothing helped me. I expected soon to die of consumption, when a friend of Dr. King's New Discovery. One bottle gave great relief. I continued to get it and now am well and strong. I can't say enough in its praise." This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes for 50c and \$1.00. Trial bottles free at J. S. McKee's Drug Store; every bottle guaranteed.

To-Morrow's Celebration.

The Queen's Birthday will be celebrated here to-morrow in a rather quiet manner. At 10:30 a parade will leave the armory, consisting of the XV. Battalion, A. L. I., No. 1 Company 4th Battalion, H. R., The Bugle and Drum Corps, The Veterans of '97, 98 and 99, The High School Cadets, and Public School Cadets, Albert College and Business Colleges. The route of the procession will be around Brown's foundry to Front st., where the thoroughfare is the wharf, where steamers will be taken for Muskegon Point. At noon a feu de joie will be fired. During the afternoon the Battalion will give an exhibition of practical drill for half an hour, blank cartridge being served out, and will hold sports and games. The band will also play a number of selections.

At Death's Door—Dyspepsia Conquered.—A Great Medical Triumph.—Gentlemen,—My medical adviser and others told me I could not possibly live when I commenced to use Northrop & Lyman's Vegetable Discovery for Dyspepsia. My case was one of the worst of its kind. For three years I could

not eat meat and my weight decreased from 219 to 119 lbs. All the food I took for thirteen months previous to taking the Vegetable Discovery consisted of milk. I am now entirely cured and have regained my usual weight, can eat anything with a keen relish and feel like a new man. I have sold thirteen dozen Vegetable Discovery since it cured me, as I am well-known, and people are coming to me from all over the country, and though I could not know how low I was, and thought I could not possibly be cured. They are eager to try this grand medicine. I have certainly saved my life and my health.

to recover when first I commenced using it. I am not exaggerating anything, but I am glad to be able to contribute this testimony and trust it may be the means of convincing others of its merit as a certain cure for dyspepsia. (Signed) Jean Valcourt, General Merchant, Wotton, P. Q.

The Queen—God Bless Her.

To-morrow millions of men and women will turn their thoughts to the spot where, bowed with the weight of years and many sorrows, she the good old lady whose name is the name of every loyal subject will be in the arms of her loving people. To-morrow, on the occasion of the great family gathering at Windsor Castle, millions of eyes will dwell fondly on the picture, which they see in their mind's eye, of the handsome woman and brave man who compose the Royal Family, but the central figure in the eye of every loyal subject will be the little old lady in the mourning cap who has overborne her honors so modestly and withal so gracefully.

Her long life, a life full of usefulness, is drawing to a close. It is possible, even probable, that there may yet be years added to the many already passed to Victoria, but in all human probability the new century will hardly be started on its course before hundreds of millions will be called upon to mourn the passing of Britain's best and greatest queen, whose life work has been the uplifting of the world.

To-morrow, men and women of the world over, who admire a life of good and noble and refined to womanhood, will bend the knee and doff the cap in honor of the 80th birthday of Victoria the Good, and Canadians all, that whom there are no stauncher subjects of the "Widow of Windsor," will heartily join in the universal chorus:

GOD SAVE THE QUEEN.

WHAT CONSTITUTES UP-TO-DATE JOURNALISM.

"Tis a strange age in which we live, and nowadays, when there seems to be so many diverse opinions on the subject, the question forming the caption to this article may well be asked. And what should constitute up-to-date journalism? In old times, people thought that the first great requisite in the public press was truth and reliability. The public then wanted the news, of course, but they wanted the truth first of all. News which was only partially true was not news at all, they said—it was an insult to intelligent readers; and a feeling of resentment grew in their minds if they came to realize they had been hoaxed. Men may come and men may go, but no better maxim can be fixed in the mind of any man than the good, though trite, aphorism, "Truth is mighty and will prevail."

Another common habit of the latter day journalist is running into personalities. Because one individual has small respect for another he will "write him up" in journalistic parlance, and do his best to make him extremely ridiculous. Curses are like chickens; they come home to roost. But how obtuse must people be to think that their petty likes and dislikes interest their readers. "Humph," remarked a party on our hearing one day, "I would devote a little more space to the news and less to personalities. I think they'd please their subscribers better."

Another common habit is self-glorification. "Our esteemed townsman, Mr. Silas Wegg, went to Canifon last night," is in the personal column one night. "The next night the same paper gleefully says: 'The fact that Mr. Silas Wegg went to Canifon on Monday was exclusively published in this paper.'"

Exaggeration is a monstrous habit with some papers. If Miss Rosie O'Grady happens to ally and fall against a hot stove they'll have a flaming heading over it: "Fatally burned; Miss Rosie O'Grady receives injuries from which she cannot recover," when the truth of the matter is that she took applications of whitening and oil will heal Rosie's wounds and make her as well as ever.

The first duty of a journalist to-day is, as has ever been, to print the news—no one's facts, better the sin of omission than that of commission. We do not believe that mortal man has known as much of instigation when truth did not answer the purpose better than lies.

No one should descend to self-glorification. Let a man do his best, and if his work is worthy of commendation, he is assured he will get all the praise due him. Never should people baffle personalities and imagine they make interesting reading for their subscribers.

Neither should they dig off into the realms of science or theology or metaphysics and imagine because they have produced a couple of columns of laborious stuff proving the difference between twiddle-dum and twiddle-dee that the people who put up the good hard coin of the realm for their paper, are going to go into ecstasies and cry "Another Kipling." No, they will be a good deal more interested if they can read that Ald. Haslop put an extra man to work on the rolling mill building.

ATTRACTING VISITORS.

Under the above heading our esteemed contemporary, the Kingston Times, has a very timely article, and the one which is urged upon the good people of Kingston might very well be copied by our own city. The town of Thrills, it says, has a committee at work, whose duty it is to induce as many outsiders as possible to visit the town during the summer season. Barren, his neighbor, has just concluded to appoint a similar committee for the same purpose. A part of the working program is to secure the names of citizens who would be willing to provide boarding accommodation for the visitors. These names, together with a description of the town, and the reason for spending the

hunted train within their borders, are to be sent broadcast over the continent, but they will be particularly circulated in the cities of the Northern and Western States and throughout the South.

This seems a business proceeding, and can hardly fail to result in a number of people coming to spend a portion of the summer in the homes thus made known. The object, of course, on the part of the promoters of the enterprise is to secure the spending of money among them. This is likely to be the result, for parties thus attracted are possessed of some money and have made up their minds to spend a portion of it to improve their health, and secure pleasure.

Surely Belleville might profitably do something in the direction above outlined. If other towns, without nearly so many natural advantages as our pretty little city possess, can make it a profitable proceeding, why not Belleville? It is, at all events, worth more than passing thought. We commend it to our City Fathers and the Board of Trade.

No Right To Ugliness.

The woman who is lovely in face, form and temper will always have friends, but the woman who is ugly and ill-tempered will have enemies. If she is weak, stolid and all round, she will be nervous and irritable. If she has congenital defects, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electro-Bitics is the best remedy in the world to regulate stomach, liver and kidneys, to purify the blood, to give strong nerves, bright eyes, smooth skin, ruddy complexion. MINERAL EXHIBIT AT PARIS.

Eastern Ontario Will be Represented, and Samples Sent to Assayer Wells Will receive Proper Care.

The Ontario Government Assay Office has recently received a commission from the Director of the Bureau of Mines to collect samples of economic minerals from eastern Ontario for Paris exhibition to be held in 1903. The exhibit will be in charge of the Geological Survey, and all the provinces are to be represented. The collection will likely be exhibited at the Glasgow exhibition to be held in 1901.

The following metalliferous ores will be received for exhibition purposes:

Iron—Hematite, magnetite, titaniferous magnetite.

Copper—Bonite, native copper, copper pyrites, pyrrhotite with copper in commercial quantities.

Gold—Native in quartz, auriferous, stibio and arsenical ores.

Nickel—Pyrrhotite (also matte, nickel steel and any commercial products).

Silver and lead—Galena.

Rare minerals—Wolframite, molybdenite, zircon.

Gem stones—Garnet, peridot, jasper, corundum, etc., rub, beryl, topaz.

Also arsenical pyrites, talc, borate, phosphates, marl, cerussite, garnetiferous gneiss, salt, potash, mica, of various grades, asbestos, talc, or any other mineral found in Eastern Ontario (of commercial use).

DIRECTIONS FOR SENDING SAMPLES.

Sample of ore should not exceed in size one cubic foot, but samples of 2 by 4 by 6 inches will be required. More space of the richer ores. Very rich samples may be collected of any size and these will be also in tin cans. For forwarding to the Bureau of Mines we arrange to have such samples returned if the parties loaning them should so desire.

Samples must be marked with the name of the mine, quarry or locality, as well as the name and address of the owner or operator.

Further details, such as assay values, analyses, quality of ore, etc., will be of value in compiling the catalogue.

Sample sent to the Provincial Assay Office, Belleville, will be forwarded to Paris Exhibition free of charge. All samples for exhibition will be subject to the approval of the Director of the Bureau of Mines.

THE QUEEN'S BIRTHDAY

Was Loyal Observed Yesterday in Belleville and Vicinity.

The Day in the City—All About Madoc's Gala Day—The Picton Races—Kingston's Big Celebration.

The 80th birthday of our good Queen was, as usual, celebrated in the City yesterday. Most of the stores were closed, while some were kept open in the forenoon. Large numbers left on the steamers Hero and Varuna for Kingston and Picton, many others going to Madoc. The only attempt at public celebration in Belleville was the procession of the Volunteers and Veterans, which left the army shortly after 10.30 and marched through the principal streets. The men presented an excellent and soldierly appearance, and received many encomiums, the Veterans especially being the subject of commendation. "The dear old boy," said a young lady, "how nice they look. I'm sure we ought to be proud of them."

Passing front at the order of the procession was as follows:
Band XV, Batt. A.L.I.
Veterans' Association.
Carriage containing Veterans of '37.
No. 1 Co., 4th Batt.
Drum and Bugle Band.
XV, Batt. A.L.I.

The procession marched to the wharf, the military and most of the Veterans, embarking on the Merritt for Massawaga Park.
On reaching the Park the Volunteers and Veterans paraded on the lawn and a few jokes were fired, after which Col. Ponton, in a stentorian tone, gave the command "Remove headresses." Three cheers for Her Most Gracious Majesty Queen Victoria, and the cheers were given with a hearty good-will that left no doubt of the loyalty of our boys.

After the men had had their dinner they broke ranks and strolled about the Park. During the afternoon the following programme of sports was successfully carried out:
Sack race—eight competitors—1, Pto. Perkins; 2, Pto. Spriggs.
Three-legged race—six pairs entered—1, Perkins and Spriggs; 2, Perkins and Spriggs.
Tug-of-war—four entries—A Co. pulled D Co.; 4th pull 1 Pioneers; A Co. refused to pull off the tie and let prize go to the 4th and 2nd prize to A Co.
250 yards race—1, Sgt. McDaniel; 2, Pto. Spriggs.
Running long jump—1, Pto. Perkins; 2, Pto. Coon.
Egg and spoon race—1, Pto. Spriggs; 2, Pto. Spriggs.

After some military evolutions the boat was taken into the harbor, the City being reached about 5.30, after a pleasant outing.

They Had a Great Time in Madoc.

The Queen's Birthday was fittingly celebrated in the Village of Madoc. Every preparation had been made for the reception of the visitors, of whom there were a large number. From an early hour in the morning until noon a continuous stream of vehicles could be seen waiting their way to the village, and by the time the latter hour arrived not only were the hotel yards and stables filled with conveyances, but the streets were also utilized for the purpose. The celebration was held under the auspices of the Fire Brigade of the village, and they did everything in their power to entertain their visitors and make the day a great success. One of the chief features of the attractions was the Tampa Cadets of Toronto, whose advent to the village was looked forward to with much expectancy. At 9.30 in the morning the fire brigade of the village, headed by the Marching band, proceeded to the Grand Junction station to meet their visitors, who were to arrive at 10 o'clock. A few minutes after 10 the train, containing eight coaches, steamed into the station and the party disembarked. There were on board, in addition to the Cadets, the Trenton firemen and the band belonging to that town, also the Tecumseh firemen, of Toronto. A procession was formed in the following order and marched through the village:

Marmora Band.
Tampa Cadets.
Trenton Firemen.
Madoc Firemen.
Windsor.

The procession proceeded to the grounds in rear of the Model School building, where the sports were held. The first on the programme was a local match between Albert College, of this City, and the Cadets. Owing to the lateness of the hour but three innings were played, the score being 1 to 3 in the Cadets' favor. An adjournment was then made for dinner, but owing to the number to be accommodated it was nearly 3 o'clock before some were able to dine. In the afternoon the programme of sports was carried out, and the military exercises by the Cadets were most appreciated.

The first and second prizes in the rock-drilling contest were carried off by the Canadian Gold Fields team, who drilled 201 inches in hard rock in 10 minutes time.

The lacrosse match between the Tecumseh and Madoc teams was won by the Tecumsehs in three straight sets.

In the evening a grand concert was held in the Masonic Hall, which was well attended. Amongst those who took part was Mr. Geo. E. Fox, of this City.

MUSICAL EXHIBIT.
One of the chief attractions upon the grounds where the sports were held was the musical exhibit, and it was visited and admired by many. It was arranged and supervised by Mr. R. R. Casselman.

Mr. D. E. K. Stewart had a fine exhibit of copper from the King mine, Madoc township; lead and zinc from the Kather mine; mica from the Hungerford township; gold ore from No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

MINING MECHANICS

Are Causing Consternation

And Incidentally Picking up a Good Deal of Change in the Eastern and Northern Portions of Our City.

Mysterious proceedings, which will not be unravelled in a hurry, have been taking place during the past two or three weeks on the East Hill and North Albert st. First a house on George st. was entered by thieves and money taken. A John at residence was next visited, money to the amount of about \$12 being taken, and since then it has come to our knowledge that the house of J. Grand Trunk official has been robbed by sneak thieves, who effected an entrance in the same mysterious way which characterized the other robberies, and stole the lady's purse, containing \$5.20, off the sideboard, and a savings bank, the property of her little son, which had considerable coin in it.

The parties who suffered have their own theories as to the robbers. It is to be hoped that before long the guilty parties may be brought to justice.

A peculiarity of the matter is that nothing but money is stolen, the thieves never taking any valuables by which they might afterwards be traced.

THE TAMPA CADETS.

Very Cordial Reception Accorded to the Toronto Boys.

Fifty-four strong, and looking very smart and well-drilled, the new celebrated Tampa Cadets of Toronto arrived in the City yesterday morning about 9 o'clock, in charge of Capt. Thompson, accompanying them were S. W. Burns, solicitor for S.O.E.; Jas. Burns, John R. Allan and Lieut. Thompson, of the 16th.

They were met at the station by Mayor Johnson and the following members of the School Board: Rev. Canon Burke, Chairman; Wm. Johnson, W. C. Reid, W. J. Diamond, I. Diamond and C. J. Howell.

The Cadets paraded on the platform and, on behalf of the School Board, Rev. Canon Burke gave them a hearty welcome and bestowed his blessing upon them in the most appropriate manner.

Mayor Johnson, in the name of the City, spoke a few graceful words of welcome to the Cadets and the School Trustees. He reminded the Cadets that they were on word of commendation from him; for had they not been of good character they would not have been created the good impression they did in the States.

Capt. Thompson, on behalf of the Cadets, thanked the School Board and Corporation for the hearty welcome extended to them.

Cheers were given by the Cadets for Belleville, and the assembled crowd cheered two hours they were in the City this morning, on their return from Madoc. A number of carriages and two carriages were in waiting for them at the G. T. R. station, and the Chairman of the Board and several members were on hand to welcome them and point out to them our City's many beauties during the hour and a half of a drive they had around it.

At Queen Victoria School the pupils of the High and Public Schools were in waiting to give the Cadets a reception, which they did in their accustomed enthusiastic way.

The Cadets went through a number of evolutions to the delight of the assembled hundreds, after which Cadet Buckner gave an exhibition of fancy bicycle riding which for an amateur was quite astonishing.

The Rev. Canon Burke welcomed the Cadets, and Trustees Allen and Burns replied. The Cadets went to the hotel from all who saw them. Their conduct was most gentlemanly. The good effect of their training is seen in their well-developed chests, erect bearing and prompt attention to their officers. It was noted by many that not one of them smoked, and altogether they exhibited a modest manly demeanor which gave most abundant proof of the value of school life at Toronto.

Fishing Competition.

Messrs. H. Bell and E. Hubbard won W. W. Chown & Co.'s bass rod with 12 heaviest rock bass, also Fishing Gazette 1 year with 12 heaviest sun fish in yesterday's competition. It. Tuto and Wm. Chown won W. B. Dacoon's prize for 12 heaviest perch, no pike or pickerel were brought in. Twelve bass caught, one each had fair catches. It was a perfect day on water. The next fishing event is on Saturday on June 7th at Island Park.

Rough on Mark.

London News: Mr. M. D. Dalnago, a printer employed at Lawson & Sons, left town rather suddenly on Saturday. He told his friends that he was going to play baseball with a New York Interstate League team at a salary of \$75 per month. His friends say, however, that he was no baseball player, but that he was thrown out of his best girl and left town as a result of grief.

The above is evidently far-fetched Mark, who is a former employee of this office, and who, quite a good long while ago, was a member of the Intelligencer staff. He is now in the city, and is looking for work.

She Was Saved

From days of agony and discomfort, not by mere interposition, but by the use of the only sure cure for dysentery—FARMER'S Great Extractor. Tender, painful corners are removed by the use of this remedy. The slightest discomfort. Many substitutes on the market make it necessary that only "FARMER'S" should be asked for and taken. Sure, safe, harmless.

THREE SMALL FIRES.

The Damage Done in Each Case Was Trifling.

Three fires occurred yesterday, but the damage done in each case was trifling. At 4 o'clock the firemen were called out to extinguish a blaze which had originated in a barn belonging to ex-Mr. Foster on the corner of Foster ave. and Dundas st.

At 9.10 last night the roof of No. 2 school, corner of Octavia and Catharine sts., caught fire. It is thought, by some fireworkers which were discharged in the vicinity. The blaze was soon extinguished by the brigade.

At 9.30 last night a small blaze was extinguished with a pail of water in a shop near the gas house. No alarm was sounded.

THE WATERWORKS PURCHASE.

We trust our readers have been considering very carefully the matter which is to come up before the election on Tuesday next, 30th inst., the question of authorizing the City Council to acquire by purchase the waterworks system. It will hardly be necessary to again place before intelligent people the great array of facts and figures which have been marshalled at various times by Mayor Johnson and the other keen business men who comprise our Council. Suffice it to say that in every instance where the experiment has been tried and the works acquired it has been crowned with success. Why should not the same success attend the purchase here as has attended it in other places, where the field has not been one whit better than it is in Belleville?

The works will pay running expenses and maintenance, the sinking fund, which will pay off the debt in ten years, and turn a handsome revenue into the City Treasury.

Which is better, that the profits shall be given to the citizens or go into the pockets of private individuals?

One idea seems to take possession of some of our citizens: They say it is a case of adding the Corporation with an enormous debt and making our rate of taxation higher than it is at present. It must not be forgotten that we will not be buying an asset and trusting to the luck of the future, but that the leading engineers of Canada have declared to be a first-class system for what they pronounced a fair price. There is no risk to run. Our brightest business minds have pinned their faith to it, and the chances are all in our favor. It has paid everywhere it has been tried, and paid well. Don't let your timidity lead you by the nose. Don't be a back number. You are not the only one in the City to be on a par with other cities in Canada. Then turn out on Tuesday and vote and work for the by-law, carry it by a good majority, and encourage the gentlemen who have worked unsparingly and spontaneously to bring about better times.

VATICAN POSTED

The best way to avoid sickness is to keep yourself healthy by taking Hood's Sarsaparilla, the great blood purifier.

Told a Quebec Mercury Man That a General Election Would Come in the "Very Near Future."

Montreal, May 26.—Mr. W. J. Maguire, of the Quebec Mercury, who has recently returned from a trip to Rome, gave some impressions to a number of what he learned to be the feelings of many of the members of the Papal Household in regard to Canadian political affairs. While at the Vatican, it was stated to Mr. Maguire that there would be a general election in this country in the very near future.

In the talk Mr. Maguire had with certain members of the Papal household who are familiar with Canadian affairs, he says that certain items as to what would be the Government's policy in the elections were, to his surprise, made known to him.

WHAT THE LIBERALS PROMISED.

The statement was made at the Vatican that the present Government had virtually promised that it would secure for the minority of the Prairie Province a full and the judgment of the Privy Council, if it was returned to power again.

CONFIDENCE IN LAURIER.

Messrs. Corby, Thompson and Carscallen had Five Acres of Rich Land

Which the Cleveland & Deloro Mining Company has Purchased for the Tiny Sum of \$25,000.

As the late Mr. Florence would say in his great play "The Almighty Dollar," "There's millions in it." We refer to the celebrated mining property known as the Galand estate, in the Township of Morris, owned by Messrs. Corby, M.P., Thompson and Carscallen. The Cleveland & Deloro Mining Company has purchased this property and promptly proceeded to develop it. It must have been their fault that they did not purchase it in the first place, as it is now a gold mine.

KIDNAPPED HIS OWN CHILDREN.

Mr. John Fleming Drove into Town This Morning

From Trenton, and Took His Two Children, a Boy and a Girl, From No. 2 School.

Ever since the death of their mother, Mrs. John Fleming, the children of the late, Maud, aged about 10, and John, aged about 7, have been living with their grandparents, Mr. and Mrs. Samuel Way, Murray st. Mr. Fleming moved to Rochester some two years ago, and shortly afterwards returned and married a young Belleville lady. It is understood that at that time Mr. Fleming wished to assume the custody of his children, but the folks would not hear of it. As it is said, on legal advice, Mr. Fleming this morning drove in from Trenton, went to the school where the children were at their studies, placed them in the conveyance, and drove off. It was raining at noon and old Mr. Way went up to the school with umbrellas for the children to protect them from the weather. When the situation came home to him, his feelings can be better imagined than described. Much sympathy is expressed for Mr. and Mrs. Way, who are honest, hard-working, God-fearing people, and the children were very dear to them, but then, on the other hand, they were also dear to their father and he naturally desired their companionship. Telegrams have been sent out in all directions looking to the arrest of Mr. Fleming.

HYMEN'S TORCH WAS LIT.

But the Course of True Love Does Not Appear to Run Any Smoother Now Than It Ever Did.

One of life's romances has just come to light, but the latter-day Romeo and Juliet, who live in Thurlow, did not have cold steel to contend with, only a prosaic horse-whip. A son of a Thurlow gentleman, who is 22 years of age, it appears, has been keeping company with a 15-year-old daughter of another Thurlow gentleman. The 24th of May was a lovely day, just the day in which, as the poet says, the young man's fancy lightly turns to thoughts of love. The young couple concluded that as life was short and time was fleeting, they would at once marry, and so they did. They drove to Canifton and got married. On their return to the bride's father's residence they asked, with fear and trembling, for the parental blessing. Also, and a day later, forgetting that the warm blood of youth had overruled through his own, the girl's father took down the family horse-whip and drove them from the premises. The young couple have been staying with friends ever since, and much sympathy is expressed for all parties concerned.

A DROP IN CHEESE

And Thereby Hangs a Tale Which Would Signify that "A Bird in the Hand," etc.

There have been some fluctuations in the cheese market lately, and in connection therewith a little story has reached us. It seems that on Thursday last one of our prominent cheese exporters was discussing with a cheese factory in Amelburg for their stock. Nine cents was offered and refused, and at last a bargain was struck that the price of the goods was to be the market quotation on Saturday. The Cheese Board's quotation on Saturday was 8c, and the Belleville man is richer to the extent of 30c.

Our Closing Out Sale

Is now in full swing. Everything must be sold before the 1st of June and we are offering merchandise prices for it. It consists of all kinds of purses, belts, buckles and novelties. Holding's File at 2c each, B. & A. File at 4c each, are but an inkling of our money-saving prices.—Mrs. G. L. Flower.

A Giant Among Phonographs.

There is an exhibition at Riggs' Music Store a phonograph which may safely be termed the king of them all. Our representative dropped in to see it on Saturday, and the general Phonograph turned on the music for him. It is put up on the lines as the original Edison Phonograph, with some late improvements by the Wizard of Menlo himself. It has a volume which is almost startling at first, but the most favorable feature is the entire lack of that buzzing sound which accompanies the smaller machines. In the hands of a skillful operator each instrument comes out clear and distinct, all the beautiful harmonic effects being as plainly discernible as though played by a real brass band. To get the most out of it, the listener has to stretch his imagination to fancy that it is music. Nobody ought to miss seeing and hearing it. Prof. Riggs handles and exhibits it.

Red Hot From The Gun

Was the hat that hit R. B. Steadman of Newark, N.J., in the Civil War. It caused a terrible ulcer that no treatment helped for 25 years. After the war the ulcer cured him. Cures Cuts, Bruises, Burns, Boils, Pimples, Corns, Skin Eruptions, Heat, Fire cuts on ears, face, neck, etc. Guaranteed. Sold by J. S. McKeown, Druggist.

The Steam Road Roller.

The steam road roller was unloaded today and under the management of the city will be placed at work first on Bridge street, between Front and Piquette st. An experienced engineer will run it for a few days, saving him sent here by the company from whom it was purchased.

New Cigar Store.

MacCallum's new cigar store and news agency, Lockport's old stand, 449 Front street, presents a very neat appearance both inside and out, and with the up-to-date and complete stock of pipes, tobacco, cigars, cigarettes etc., together with the leading daily, weekly and monthly periodicals which he carries, there is no doubt but Mr. MacCallum will do a good trade in his up-town news agency cigar store.

Police Notes

Everything in police circles the past two days has been exceedingly quiet. No arrests have been made and traps have apparently sought other places of shelter. Mr. Parks, Front street, reports that a chicken belonging to him was chased into the river on Saturday by a young man, who captured it and then sold it.

GERRYMANDER BILL

Was the Startling Proposal Made by Sir Charles Tupper.

Parliamentary Leader's Idea Was That the Canadian Commission Should Be Given Time to Preparing for the Meeting of the Anglo-American Commission in Quebec on August 1. Sir Wilfrid Laurier introduced a bill on Saturday in the House. Sir John Lubbock introduced a bill respecting the inspection of petroleum and naphtha, and one to amend the General Inspection Act with respect to the inspection of wheat.

The Attorney-General's bill was the subject of a long and heated discussion. Sir Charles Tupper brought up the question of the Anglo-American commission. He said the commission was to meet in Quebec on August 1. He said the commission was to meet in Quebec on August 1.

THE KIDNAPPING CASE.

The following letter has been handed us for publication:

To the Editor of the INTELLIGENCER.

Sir,—It has been reported all around that I have been well paid for the care of John Fleming's children. I wish you would please publish the following—I have been keeping them for five years and a half, and have not the one cent for their board, and I hear any person may again that I have been well paid I will prosecute them.

SAMUEL WAY.

THE FRONTAGE TAX SYSTEM.

That is the Way on Which the Pavements Will be Built.

The Council has a Late Session and Gets Through a Good Deal of Important Business.

The session of the City Council last night was rather lengthy, extending until nearly 11.30. Considerable business of importance was transacted.

Ald. Bogart was not being present. Ald. Bogart was voted to the position of president of the Council, which he occupied until the arrival of His Worship, a few minutes later.

Those present were: Mayor Johnson, Aldermen Bogart, Starling, Hungerford, Hanley, Pantor, Robinson, Taylor and Doyle.

COMMUNICATIONS.

From Mr. J. L. Biggar, stating that the Belleville Gas Company intended to re-lay the gas main on Bridge St. East.

From Mr. J. G. Frost, asking for a crossing on the east side of Victoria Ave., at William St.

From the Ontario Accident Assurance Company, asking the attention of the Council to the condition of the sidewalks in the City, and asking that the same be remedied.

From Mr. Col. Foster, requesting the hospital lot on nights the Battalion drilled.

From Mr. Middleton, lamp cleaner, stating that on one occasion he had, without authority, taken an electric lamp off the street and placed it on the hospital lot.

REPORTS.

Reports were presented from the various Committees, which have already appeared in detail.

On motion the Council went into committee of the Whole on Reports, Ald. Hungerford in the chair.

The Executive Committee's report was first taken up and the various committees passed.

LATE ARMY OFFICE.

Ald. Robinson said he had visited the premises of ex-Ald. Falkiner, lately occupied by the Army office, and had also seen Mr. Wells, who admitted that the letter of Mr. Falkiner to the Council was correct, with the exception of the premises being left in a dirty condition. He (Ald. Robinson) thought the premises should be repaired, which would probably cost about \$2.25.

Ald. Hungerford said he had visited the premises and he could bear out what Ald. Robinson had stated.

Ald. Pantor moved, seconded by Ald. Bogart, that Ald. Robinson be a committee to settle with Mr. Falkiner, either by paying him a lump sum or having the repairs made.—Carried.

RE LIGHTING HOSPITAL LOT.

The matter of the account of lighting the hospital lot came up and caused considerable discussion.

Ald. Bogart said that the statements made on Friday night in reference to the lighting of the hospital lot were somewhat erroneous. There was a man there that should be looked into very carefully.

Ald. Doyle said he believed in paying a just account, but he thought it strange that so many bills from last year were being brought forward this year.

Ald. Pantor said the statement was made at the Committee meeting that lamps were taken off the streets and placed on the lot for the use of the XV. Battalion.

The Mayor said Ald. Jones made statements on Friday night that the electric light company was robbing the City. This was a serious statement and should be required into.

Ald. Bogart said he had no decided opinion on Friday's meeting of the Committee until Ald. Jones and Starling had made positive statements.

Ald. Starling said Ald. Pantor had stated that the lights had been taken off and no deductions made.

Ald. Pantor said he made no such statement, but asked if such were the case.

Ald. Starling said he accepted the explanation of Ald. Pantor.

Ald. Starling said he had worked hard for the City. There had been two lights on the hospital lot, ordered by the Battalion. When he was Chairman of the Fire, Water and Light Committee, on one occasion he had given an order for a light to be moved from the street and placed on the lot.

Mr. M. M. Thompson, manager of the gas company, was heard in reference to the matter. He said the lights placed on the lot had been charged to the XV. Battalion. When lamps were taken off the streets and placed on the Hospital lot a receipt had been made to the City, and they were not charged to the Battalion or the City as stated.

The Mayor asked Mr. Thompson to whom he looked for pay for the two lights used on the lot.

Mr. Thompson said that he looked to Col. Pantor directly. The Colonel had stated that if the City would not pay for the lights the Battalion would. The company, he claimed, were not gainers by the transaction, but losers.

Ald. Robinson did not doubt Mr. Thompson's statements. As Ald. Jones was not present he moved the motion that the Battalion would. The company, he referred back to the Committee for further consideration. Carried.

GRANULITIC WALKS.

The proposed laying of granulitic walks was next discussed.

"THE ACADEMIE DE MEDECINE OF FRANCE HAS PLACED

SAMUEL WAY.

Ald. Hanley thought the proportion asked from the ratepayers, 60 per cent., was too large. He was in favor of the frontage tax system, and not the frontage tax system, as the latter was a tax on the frontage of the property, and not on the value of the property. He was in favor of the frontage tax system, and not the frontage tax system, as the latter was a tax on the frontage of the property, and not on the value of the property.

The Mayor said when the front sidewalk was laid the law was such that ratepayers had to pay 60 per cent., but a change had been made since, and the corporation could make a change. He was in favor of a change. If 40 per cent. was charged the ratepayers it would cost them \$2.10 per 100 feet.

Ald. Starling said he was pleased that a change had been made. He was in favor of the City paying 60 per cent., and 40 per cent. by the ratepayers.

Ald. Pantor was in accord with the change proposed.

Ald. Bogart thought that a far better way to build the walks was by ratepayers and in this he agreed with Ald. Hanley. If, however, the Council decided on the frontage tax system, he would be pleased to support the 40 per cent. for the tax payers to pay and the City 60 per cent.

Ald. Doyle was pleased that a change had been made. He had seen a change in the Municipal World some time ago. He was willing to pay 40 per cent. to have a granulitic walk placed down in front of his property.

Ald. Starling said if Ald. Doyle knew that the law was changed he should have notified the committee before.

Ald. Pantor moved, seconded by Ald. Robinson, that the proportion be 40 per cent. to the ratepayers and 60 per cent. to the City.—Carried.

The contractors granulitic walks, as per letter from the City Solicitor, caused considerable discussion. The letter stated that certain changes were proposed by Mr. Macaulay, minister for Mr. Dolan, which he would not recommend.

The Mayor said Ald. Hanley was a practical contractor and he could tell what was the difference between the contractor and the contract.

Ald. Hanley said a lot of specifications had been made and tendered upon. The Solicitor now says we are not to be governed by the specifications, but the contract, which embraces more than the specifications.

Ald. Bogart, Starling and Taylor thought that the best way would be to have the matter referred back to the Public Works Committee, and in the meantime the solicitors get together and see if they cannot arrange the matter satisfactorily.

On motion the matter was referred back to the committee.

The Committee's recommendation of a grant of \$200 to the Band to play at the Park one night a week for 12 nights passed without opposition.

GRANULITIC WALK ON MARKET.

A lengthy discussion ensued in reference to the building of a granulitic walk on the market.

Ald. Pantor said the sidewalk on the south side of the market square was used for the purpose of building a granulitic walk on the southeast corner of the market square and with the plank taken up there repair the south sidewalk.

The Mayor thought it was a waste of money to tear up a good plank walk and put down a granulitic walk. The south walk should and must be repaired.

Ald. Hanley thought it was a violation of the contract with Mr. Dolan to have the Street Surveyor put this walk down. He thought Mr. Hulse had all he could do without building granulitic walks.

Ald. Robinson thought if the Street Surveyor could save money he should build the walk. He had built some grand walks and had built them cheaper than the contract let to Mr. Dolan. He was in favor of abandoning the whole thing and allowing the Street Surveyor to build all the granulitic walks.

Ald. Starling did not object to Mr. Dolan building all the granulitic walks, but if the Street Surveyor lay down a walk cheaper he should lay the walk. He had put down other granulitic walks, and they were good and permanent ones.

Ald. Doyle said if the Street Surveyor put down this walk it would not, in his opinion, interfere with Mr. Dolan's contract in any way.

The Mayor thought the impression should not go abroad that the City could build the walk cheaper than Mr. Dolan. All cities were doing this work by contract. Mr. Dolan was a man in whom all had confidence and would give every satisfaction. His was a fair and just price.

Ald. Starling said this work on the market square was on different specifications from that of Mr. Dolan.

The motion that the Street Surveyor build the walk prevailed.

On motion the Committee rose and reported. The report was received and adopted.

ENQUIRIES.

Ald. Pantor asked if any steps had been taken to replace the sidewalk on Wicksteet st.

Ald. Hanley said a walk would be put down.

A by-law was introduced and passed authorizing the corporation to borrow money for current expenses. The amount to be borrowed is \$30,000.

The Clerk was authorized to inform the Ontario Accident Company that the sidewalks were being attended to.

Ald. Bogart moved, seconded by Ald. Hungerford, that a Committee composed of Mr. Hanley, the Mayor, Aldermen Hungerford, Jones, Hanley and the mover wait upon the Methodist Conference and welcome the members to the City.

At the suggestion of Ald. Pantor the Council adjourned.

It would simply involve itself into a question of how much you wished to spend and which shades you wish to have predominate. Many people are deterred from papering for that very reason, thinking it best to "leave wall coverings alone" rather than take chances on being pleased with a new paper on the wall.

GIVING NOTICES.

Ald. Starling gave notice of a motion that the Queen and Albert streets be repaired at the earliest possible date.

MOTIONS.

Ald. Doyle moved, seconded by Ald. Hungerford, that two lights be furnished to the XV. Battalion while they drill on the hospital lot, at the same price as the City pays for lights.

Ald. Starling objected to paying as much for a light for two hours as pay for a light all night. He moved in amendment, seconded by Ald. Bogart, that the matter be left in the hands of the Chairman of the Fire, Water and Light Committee to make arrangements with reference to the lighting of the hospital lot.

The amendment prevailed.

The Council adjourned.

Buffalo, May 20.—A severe rain and
ind storm passed over Buffalo and
adjacent yesterday afternoon, causing
serious damage to property and
injury to a number of people. In this
city a 90-foot smokestack at the works
of the Buffalo Cast Iron Pipe Company was
torn over, and in falling it crashed in
the wall of the factory building. Andrew
M. Smith, 30 years of age, who was
in the foundry, were probably fatally in-
jured, and 30 others were slightly hurt.
At Lockport, the grand stand at the
base of the avenue ball grounds was wrecked.
Alfred Toothill, 14 years old, was fatally
killed. Two other boys, named John
Murray and Shaver, were painfully
wounded. Reports from Tonawanda,
Jamestown and other places report much
damage. In the way of trees blown
down, windows blown in and
garden torn down. Many houses were
damaged by lightning in outlying districts.

Great Fire at St. Thomas.
St. Thomas, Ont., May 20.—Robert-
son, Lindsay & Co.'s establishment, the
largest departmental store in western
Canada, was completely destroyed by fire
last night. The building, which covers
several blocks in the city, and comprised about
20 stores. It was built practically two years
ago, having been comprised a new
structure. The fire, which was in control of the
fire, directly opposed the postoffice. The
stock was valued at \$85,000, the building
at \$25,000. Insurance on stock in the
neighborhood of \$60,000, and on building
\$5,000.

PROCEEDINGS AT THE HAGUE.
The Hague, May 20.—The arbitration
and American Amendments to
Russian Arbitration Scheme.
The Hague, May 20.—The drafting
committee, or sub-committee of the arbitra-
tion committee, and yesterday and
sustained the Russian scheme, adopting
slight modifications, the first of
which. Count Nieuwenhuis, of the
legation, submitted a proposal of medi-
ation and arbitration, consisting of six
articles. In the form of an amendment
to the Russian project.
The Americans also submitted an
amendment, demanding that in the event
of a dispute between two nations, each
must choose another nation to act be-
tween them. The committee decided in
favor without bloodshed. This must not
be confounded with the proposal for a
permanent arbitration tribunal, which
the Americans will introduce during the
week.
The Italian proposal includes a clause
providing that mediation and arbitration
shall not stop mobilization or prepara-
tions for war. Neither the American nor
the Russian amendment has yet been dis-
cussed.
The naval and military sections of the
treaty commission have also met yesterday,
and exchanged ideas in a desultory
manner. The impression gains ground
that the outcome of this committee will
be practically nil.
The British minister to the Netherlands,
Mr. Curzon, has been here since yesterday
has night, at the hands of the
delegation and the leaders of Dutch society
were present.

BURGERS AGAIN.

Another Visitation by the Light-Fingered Gentry.

Nothing of Much Value Was Taken, as Far as Can be Ascertained at Present.

The enterprising burglars have once more been in evidence, the scene of their nocturnal visit in this instance being the residence of Mr. Stewart Masson, Alexander st. The thieves entered the house at the front door and left by the back. The only things missed so far as two pipes, a package of tobacco and a hat. They also took one of Mr. Masson's coats out in the yard and left it there. The police are looking into the case but at present there is no clue to the thieves.

BY SEVENTY-THREE

MAJORITY.

The Ratepayers Decided That it Was a Right and Proper Thing for the Council to Purchase the Waterworks.

The ratepayers of the City were called upon yesterday to vote upon a By-law authorizing the Council to purchase the Waterworks plant. There was not that interest manifested which should have been in so important a matter, and in consequence the vote polled was not large. A majority in favor of the By-law was recorded in five out of the seven Wards in the City. The returns were as follows:

Foster Ward	10	23
Samson	10	20
Ketcheson	10	20
Baldwin	10	31
Blecher	10	15
Coleman	10	15
Murray, No. 7 Ward	10	15
Total	70	119

WILL THE PROTEST BE DROPPED.

It is Alleged That Indications Point That Way.

An order was made yesterday at Osgoode hall for the production of all papers relating to the North Hastings election, at the instance of W. D. McPherson, the petitioner, against the respondent Allen. This is alleged to be an indication that the protest is to be dropped.

Warm Weather Clothing.

You will find the Oak Hall all ready with what you want for the hot weather. Light coats at \$1, \$1.25 and up to \$3.00. Coats and vests \$2 to \$5. We have been waiting for warmer weather, and now that it is here you had better look a little for your comfort. Winter clothing won't do now.

Morrison—Fretz.

James R. Morrison, of North Wakefield, Quebec, and Miss Jennie E. D. Fretz, of Canastota, N. Y., were united in marriage at the home of the bride's parents, Mr. and Mrs. Byard Fretz, on East Hickory st., Wednesday afternoon, May 24.

Rev. J. Edson Rhodes, of the Methodist Episcopal Church, performed the ceremony at 2 o'clock in the presence of a small company of near relatives and friends. The bride, couple stood beneath an arch of lilacs, the bride dressed in white, carrying a beautiful bouquet of white carnations and maiden-hair ferns. The bridesmaids wore white. The bridegroom wore a tuxedo. The ceremony was a simple one, and the happy pair left at 5:45 o'clock, the bride attired in brown broadcloth, for North Wakefield, Quebec, where they will make their future home, and where Mr. Morrison is a successful merchant.

Mrs. Morrison's former home was in Belleville, Ont., but during her short residence there, she was so much pleased with the many friends in Ontario that Morrison is a graduate of the Ontario Business College, Belleville, and it was during his attendance there that the friendship was laid which resulted so happily.

A Run on Pipes.

Of the people are afflicted with some form of humors, and this causes a variety of diseases. The reason why Hood's Sarsaparilla cures when all others fail is found in the fact that it cures the blood. Hood's Sarsaparilla, sold all over the world, and all ailments are permanently cured by this great medicine.

Hood's Pills are the best family cathartic and liver tonic. Health, reliable, sure.

It is better to preserve health than to cure disease. Therefore, keep your blood pure with Hood's Sarsaparilla and be always well.

THE METHODIST CONFERENCE.

Black Coated Gentlemen Take Possession of Our City.

Resume of Proceedings so Far and Some Interesting Facts About Methodism.

For the last day or two every avenue of travel to the City has been bringing in delegates to the Annual Conference, and it is expected that all, or nearly all, of the delegates will be here by to-day. The first draft of stations will be presented to the Conference at tomorrow's session.

Devotional meetings will be held each day at 8:30 a.m., beginning this morning. The meetings will be conducted by Rev. T. Manning, of Lindsay, whose spiritual powers eminently fit him for that purpose.

Preachers' Conference.

A large number of ministerial brethren and others gathered at Bridge st. church last evening. The meeting was known as the "Preachers' Conference." Rev. D. N. McCaus, of Colborne, Secretary of the Conference, was chairman, and ably aided that position. Rev. R. Duke, of Foxboro, spoke on Ministerial Etiquette; Rev. J. Thorn, B.A., of Colborne, "Ministerial Courtesy," and Rev. J. W. Totten, of Worthington, spoke on "Personal Holiness." The address were limited to 10 minutes each, and in this short space of time the several Rev. gentlemen brought out many points of interest in the subjects. A discussion of the topics presented and a number of the Ministers present took part, making the meeting a most interesting one.

The Stationing Committee in connection with the Conference have already made good progress and the first draft is completed. It appears to give general satisfaction to those who are to be changed. The Committee will be prepared to report to the Conference when it appears to-morrow. The Stationing Committee were in session yesterday afternoon.

The Ministerial session of the Conference opened at 10 o'clock this morning, presided over by Rev. T. W. Jolliffe, President. Rev. Dr. Carman, General Superintendent, was also present. The roll being called, 220 ministers answered to their names.

Two cases of superannuation were brought forward, namely Rev. H. L. Allen and Rev. S. E. Phelps, both of whom will be placed on the superannuated list. Devotional exercises filled up the time till noon. At 2 o'clock this afternoon the Conference again went into session.

It was understood the case of Dr. Workman was to have come up at this morning's session, but we are informed that his name was not mentioned.

Programme For To-morrow.

but know before choosing how a paper will look when hung, how easy would be the selecting of the paper for your room. It would simply devote itself into a question of how much you wished to spend and which shades you wish to have predominate. Many people are deterred from papering for that very reason, thinking it best to "leave well enough alone" rather than take chances on being pleased with a new paper on the wall.

ROGERS AND GREER

The Noted Detectives Were in Town After Something, But Kept Their Business to Themselves.

Detectives Rogers and Greer were in the city last evening and this morning, but the nature of their business was not disclosed. It is rumored that they were here in connection with the bank robbery, which took place late in the evening of the 29th. The rumor is probably a correct one, as both are engaged upon these cases.
